Township of Boonton Housing Element and Fair Share Plan – Fourth Round 2025-2035

1. Introduction

1.1 Community Overview

Boonton Township is located in northern Morris County along the Interstate 287 corridor. Of Morris County's 39 municipalities, Boonton Township is the eighteenth-largest in area with a total of 8.12 square miles (approximately 5,196.8 acres) and the 33rd largest in population (4,380, per the U.S. Decennial Census). The Township is the 34th-densest municipality in Morris County. There are several unincorporated communities throughout the Township, including Deer Pond in the east, Dixons Pond in the west, Powerville in the south, Rockaway Valley in the west, and Sheep Hill in the southeast.

Boonton Township shares its western border with Rockaway Township and Denville Township; its northern border with Kinnelon Borough; its eastern border with Montville Township; and its southern border with the Town of Boonton, Mountain Lakes Borough, and Denville Township.

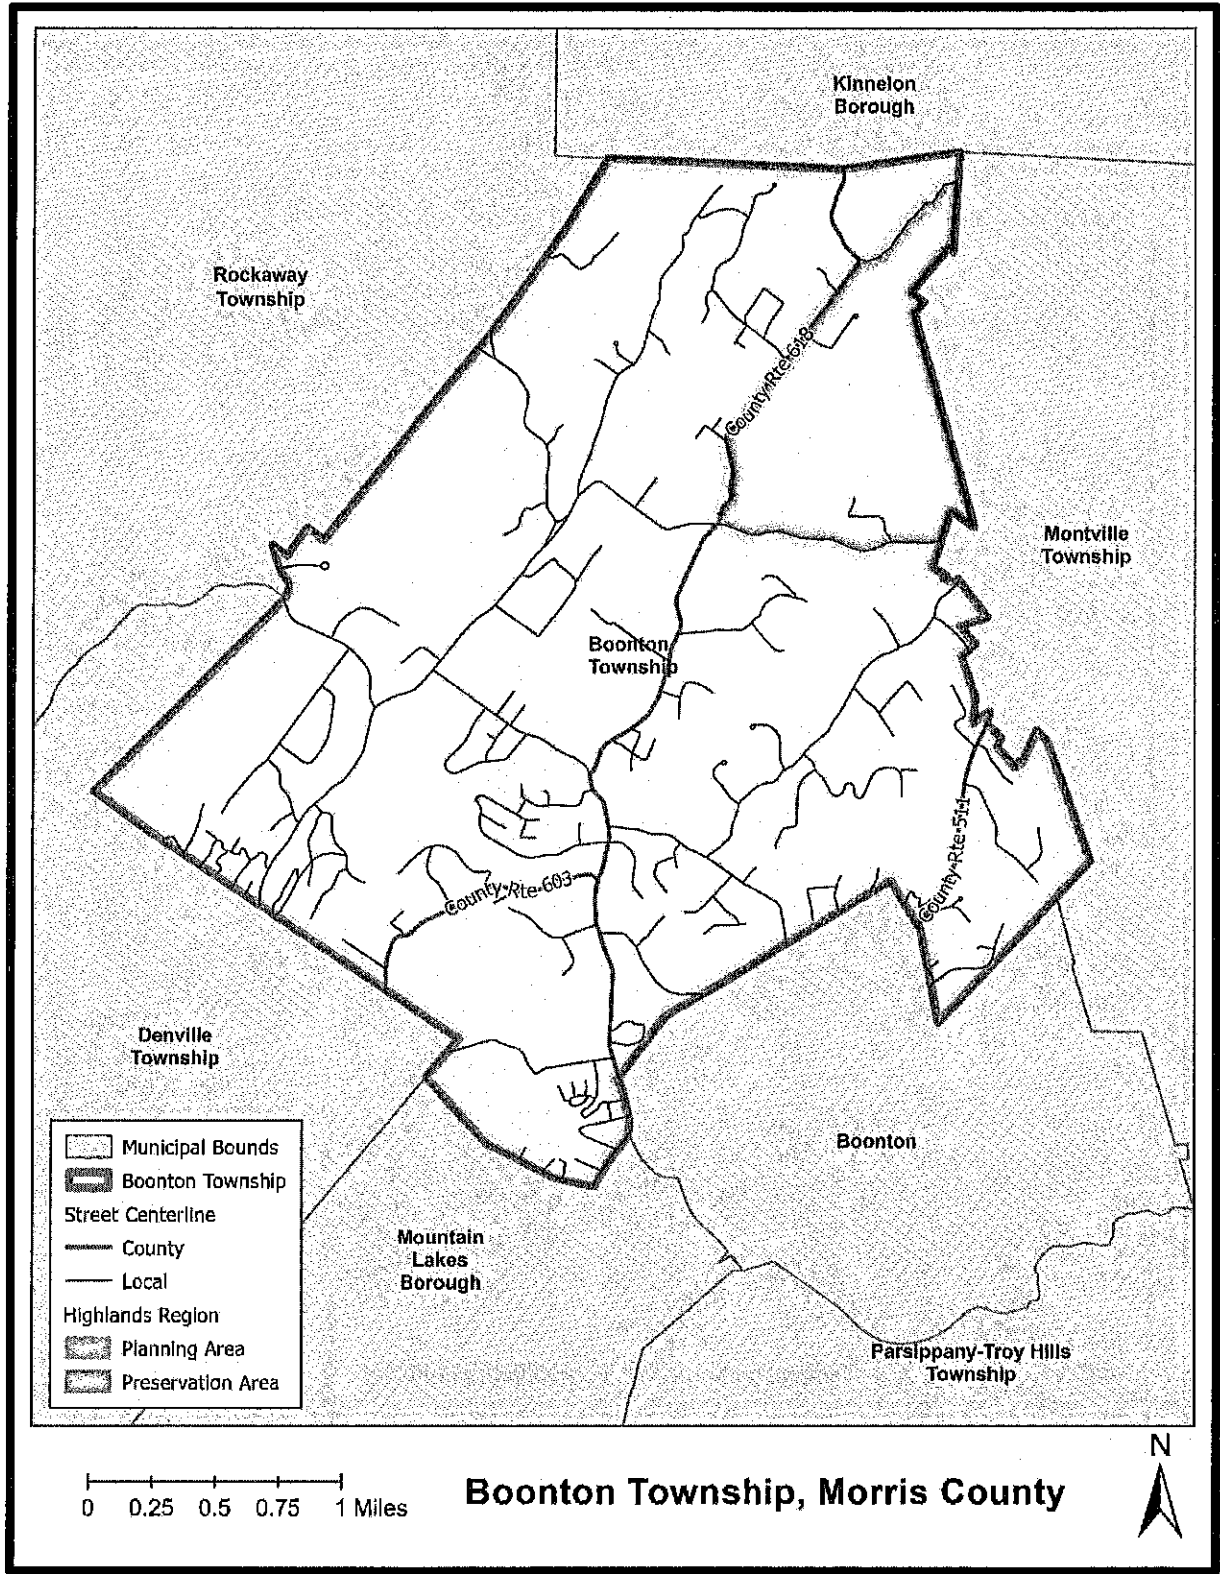

The Township is located within the Highlands Region with nine percent (9%) (493 acres) of its area within the Preservation Area and the remaining 91 percent (4,703.8 acres) in the Planning Area. Preservation Area conformance was approved by the Highlands Council on April 16, 2015. Additionally, the Township is located within several New Jersey State Development and Redevelopment Plan (SDRP) Planning Areas. The majority of the Township is within Planning Area 5 (PA 5), the Environmentally Sensitive Planning.¹ There is also a small area along the southern municipal border with Denville Township and Mountain Lakes Borough that falls under the Park Planning Area² as it is a part of Tourney County Park.

¹ The PA 5 Planning Area (Environmentally Sensitive Planning Area) in the SDRP consists of lands with critical environmental features, such as wetlands, forests, and habitats. Development is highly restricted to protect ecological integrity, with strict land use controls and limited infrastructure expansion to prevent environmental degradation.

² The Park Planning Area in the SDRP consists of lands designated for recreation, conservation, and open space preservation, development is highly restricted, focusing on maintaining natural resources, wildlife habitats, and public access to parks while limiting infrastructure expansion.

1.2 Relationship to Other Plans

Boonton Township Master Plan

The most recent comprehensive Master Plan Update was prepared in 2001, with Reexamination Reports prepared in 2007 and 2018. The following goals and objectives which are of particular relevance to this Housing Element and Fair Share Plan are as follows:

1. Avoiding adverse impacts on the local environment and adopting planning and zoning measures that will protect sensitive wetlands, steep slopes, potable ground water supply and flood prone areas.
2. Preserving to the greatest degree possible the established character and physical amenities of the Township through careful land use planning.
3. Recognizing and planning for the needs of local residents through the study of demographic conditions.
4. Providing adequate housing facilities meeting minimum standards of health and safety to satisfy the needs of all income groups, especially, low- and moderate-income households.
5. Maintaining constant vigilance over regional planning activities, especially those at the State and County levels, in terms of their potential impact on local planning and development.
6. Coordinating local planning efforts with those of neighboring municipalities in order to achieve a maximum degree of compatibility especially along common municipal boundaries.
7. Creating a planning and development environment that will promote fiscally-sound municipal government affordable to all residents.

These goals and objectives were first identified in the 2001 Master Plan and re-affirmed in subsequent Reexamination reports.

State Development and Redevelopment Plan (2001)

At the time of the preparation of this Housing Element and Fair Share Plan (HEFSP), the update to the New Jersey State Development and Redevelopment Plan (SDRP) has not been adopted, but is expected to be considered for final adoption in late 2025. The last update to the SDRP was adopted in 2001 and identified several goals and objectives for housing, specifically as they relate to PA 5, the Environmentally Sensitive Planning Area. These goals, objectives, and policies, which in part guide the preparation of this HEFSP, are as follows:

1. **Housing:** Provide for a full range of housing choices primarily in Centers at appropriate densities to accommodate projected growth. Ensure that housing in general—and in particular affordable, senior citizen, special needs and family housing—is developed with access to a range of commercial, cultural, educational, recreational, health and transportation services and facilities. Focus multi-family and higher-density, single-family housing in Centers. Any housing in the Environs should be planned and located to maintain or enhance the cultural and scenic qualities and with minimum impacts on environmental resources.

Township of Boonton Housing Element and Fair Share Plan – Fourth Round 2025-2035

2. **Natural Resource Conservation:** Protect and preserve large, contiguous tracts and corridors of recreation, forest or other open space land that protects natural systems and sensitive natural resources, including endangered species, ground and surface water resources, wetland systems, natural landscapes of exceptional value, critical slope areas, scenic vistas and other significant environmentally sensitive features.
3. **Redevelopment:** Encourage environmentally appropriate redevelopment in existing Centers and existing developed areas that have the potential to become Centers or in ways that support Center-based development to accommodate growth that would otherwise occur in the Environs. Redevelop with intensities sufficient to support transit, a range of uses broad enough to encourage activity beyond the traditional workday, efficient use of infrastructure, and physical design features that enhance public safety, encourage pedestrian activity and reduce dependency on the automobile to attract growth otherwise planned for the Environs.
4. **Public Facilities and Services:** Phase and program for construction as part of a dedicated capital improvement budget or as part of a public/private development agreement the extension or establishment of public facilities and services, particularly wastewater systems, to establish adequate levels of capital facilities and services to support Centers; to protect large contiguous areas of environmentally sensitive features and other open spaces; to protect public investments in open space preservation programs; and to minimize conflicts between Centers and the Environs. Encourage private investments and facilitate public/private partnerships to provide adequate facilities and services, particularly wastewater systems, in Centers. Make community wastewater treatment a feasible and cost-effective alternative.
5. **Intergovernmental Coordination:** Coordinate efforts of state agencies, county and municipal governments to ensure that state and local policies and programs support environmental protection by examining the effects of financial institution lending practices, government regulation, taxation and other governmental policies and programs.

Boonton Township strives to ensure the implementation of this HEFSP is consistent with the above-mentioned policies and objectives while respecting existing community characteristics and natural resources.

Highlands Regional Master Plan

The Highlands Regional Master Plan (RMP) was adopted in 2008 in response to the Highlands Water Policy and Planning Protection Act (N.J.S.A. 13:20-1 et seq.) of 2004. This RMP has been updated several times, in 2018, 2019, and 2024. Only a small portion of the Township, 493 acres, is situated within the Preservation Area, where conformance with the RMP is mandatory, and the rest falls within the Planning Area, where conformance is optional. The Township is conforming with the Highlands RMP for the Preservation Area only. The Highlands Council approved Boonton Township's petition for Plan Conformance via Resolution 2015-6 adopted April 16, 2015.

The Highlands Council adopted, "RMP Addendum 2024-3: Highlands Affordable Housing Guidelines" on July 18, 2024, which established standards for identifying locations for affordable housing and availability of land and resources in the region. This guidance was used as part of the preparation of this HEFSP. This HEFSP also supports the RMP's Housing and Community Facilities Goal 60: "Market rate and affordable housing sufficient to meet the needs of the

Township of Boonton Housing Element and Fair Share Plan – Fourth Round 2025-2035

Highlands Region within the context of economic, social, and environmental considerations and constraints.”

County Comprehensive Plan

The Morris County Master Plan was updated in December 2020 to include a new Land Use Element. This HEFSP is consistent with the following goals and policy objectives outlined in the 2020 County Land Use Element:

1. The creation of balanced and diverse economic and housing opportunities;
2. The efficient use of land and resources;
3. The protection of natural, historic, agricultural, and scenic resources;
4. Development that proceeds only after careful analysis of environmental conditions;
5. Promote revitalization and redevelopment;
6. Support the creation of diverse housing types; and
7. Encourage higher density and mixed-use developments in downtown areas.

Surrounding Municipalities' Master Plans

Town of Boonton

Under three (3) miles of the Township's southern border is shared with the Town of Boonton and the municipalities are connected via Powerville Road / Elcock Avenue, North Main Street, and Oak Road. The Town of Boonton last prepared a Reexamination Report of its 1998 Master Plan in 2008. On July 31, 2018, the Town of Boonton adopted a new Master Plan which was built on a comprehensive analysis of existing conditions and opportunities in the Town, documentation of planning efforts and initiatives, and the review of prior Master Plan documents and studies that lay the foundation for the Town. The 2018 Town Master Plan is not significantly impacted by this HEFSP.

Denville Township

Just under three (3) miles of Boonton Township's southern and western borders are shared with Denville Township. Denville's 2000 Master Plan was last reexamined in 2023 and a new Master Plan was adopted by the Planning Board on May 10, 2023. A few local roads connect these municipalities, including Rockaway Valley Road, Farber Hill Road, and Old Denville Road. This HEFSP does not significantly impact Denville's Master Plan.

Kinnelon Borough

Boonton Township's entire northern border (approximately 1.34 miles) is shared with the Borough of Kinnelon in Morris County. Powerville Road / Kinnelon Road, also known as County Route 618 connects the Township to the Borough. Kinnelon last adopted a Reexamination Report of its Master Plan on December 28, 2022 and this HEFSP does not significantly impact that plan.

Township of Boonton Housing Element and Fair Share Plan – Fourth Round 2025-2035

Montville Township

Boonton Township shares its eastern border with the Township of Montville in Morris County. Rockaway Valley Road and Boonton Avenue (County Route 511) link the two (2) municipalities. Given that the Highlands Preservation Area encompasses the northeastern border of both municipalities as well as the northern section of Montville, strategic land use planning of this section is vital. The recommendations set forth in this HEFSP does not negatively impact Montville, its planning efforts, or its 2019 Periodic Reexamination of the Master Plan.

Mountain Lakes Borough

Just over one (1) mile of Boonton Township's southern border is shared with the Borough of Mountain Lakes. Powerville Road / Elcock Avenue / County Route 618 connect the two (2) municipalities. The Borough's Master Plan adopted on October 24, 2013 is not significantly impacted by this HEFSP.

Rockaway Township

Boonton Township shares just over two (2) miles of its western border with Rockaway Township in Morris County. Decker Road, Split Rock Road, and Farber Hill Road link both municipalities. Furthermore, Rockaway Township's Master Plan Reexamination Report adopted on November 18, 2019 is not significantly impacted by this HEFSP.

1.3 History of Affordable Housing

Overview

The New Jersey Supreme Court, in Mount Laurel I (1975) and Mount Laurel II (1983) required all New Jersey municipalities to take affirmative actions toward providing their "fair share" of the region's need for affordable housing for low- and moderate-income people. In response to the Mount Laurel II decision, the New Jersey Legislature adopted the Fair Housing Act, N.J.S.A. 52:27D-301 et seq. ("FHA") in 1985. This act created the Council on Affordable Housing ("COAH") to assess and calculate the statewide and regional need for affordable housing, allocate that need on a municipal fair share basis, and review and approve municipal housing plans aimed at implementing the local fair share obligation. Subsequently, the New Jersey Municipal Land Use Law ("MLUL") was amended to require a housing element as a mandatory element of the municipal master plan. According to the FHA, "a municipality's housing element shall be designed to achieve the goal of access to affordable housing to meet present and prospective housing needs, with particular attention to low- and moderate-income housing (52: 27D-310)."

COAH adopted its Third Round Rules in December 2004. On January 25, 2007, the Appellate Division issued a decision on an appeal of COAH's Third Round regulations. COAH was precluded from issuing Third Round Substantive Certifications until new rules for the Third Round were revised and adopted. Subsequent to the Appellate Division ruling, the Highlands Council adopted the Highlands Regional Master Plan ("RMP") on July 17, 2008. The RMP provides the basis to determine the capacity of the Highlands Region to accommodate appropriate economic growth while ensuring the sustainability of the resources in the region. On September 5, 2008, Governor Corzine issued Executive Order 114, which addressed implementation of the Highlands Regional Master Plan (RMP) and the need for coordination between the Highlands Council and the Council on Affordable Housing (COAH). On November 12, 2008, COAH granted an extension from the December 31, 2008 petition deadline to December 8, 2009 for any Highlands municipality under COAH's jurisdiction, based on certain conditions.

Township of Boonton Housing Element and Fair Share Plan – Fourth Round 2025-2035

On October 8, 2010, the Appellate Division invalidated COAH's Rules in In re Adoption of N.J.A.C. 5:96 & 5:97 by the New Jersey Council on Affordable Housing, 416 N.J. Super. 462 (App. Div. 2010). The decision stated, among other things, that growth share methodology was invalid, and directed COAH to adopt rules utilizing methodologies similar to those used in the First and Second Round Rules. On September 26, 2013 the Supreme Court affirmed the Appellate Division's 2010 decision and remanded COAH to undertake new rulemaking based on COAH's prior round rules and methodologies. COAH failed to formally adopt amended Third Round Rules.

In a 2015 decision In re N.J.A.C. 5:96 and 5:97, 221 N.J. 1 (2015) (Mount Laurel IV), the New Jersey Supreme Court divested COAH of jurisdiction of affordable housing, resulting in the process being left to the trial court system. This ruling dissolved the substantive certification process, turning instead to a judicial determination wherein a municipality files for a declaratory judgment action to certify that their Housing Element and Fair Share Plan has satisfied their Third Round obligation. At the same time, the Court appointed "Mount Laurel" judges for each of the State's judicial vicinages.

In 2024, New Jersey Legislature passed into law amendments to the Fair Housing Act (N.J.S.A. 52:27D-304.1 et seq. via NJ A4/S50) ("FHA-2" or "P.L. 2024, c.2") that abolished COAH and established the Affordable Housing Dispute Resolution Program ("the Program"), and set forth new methodology for calculating statewide and regional affordable housing obligations, and allocating such affordable housing obligations to municipalities for the Fourth Round and beyond. Subsequent to the adoption of FHA-2, the Highlands Council adopted an amendment to the RMP³ governing the potential location of affordable housing and availability of land and resources in the region.

Boonton Township

Boonton Township received a Judgment of Compliance in litigation with "Brae Loch" in November 1986, which expired on November 17, 1992. Jurisdiction over the Township's affordable housing compliance was transferred to COAH on November 18, 1992, which then granted Boonton interim substantive certification on August 4, 1993. Boonton adopted a Second Round Housing Element and Fair Share Plan on May 7, 1996 and received Second Round substantive certification from COAH on September 4, 1996, which expired on December 20, 2005. Boonton Township then adopted a Third Round Plan on September 9, 2009; however, the Township's submission was delayed due to determination of impacts from the Highlands Regional Master Plan. Consequently, the Township's Third Round Plan was not reviewed by COAH and did not receive substantive certification.

The Township of Boonton filed a declaratory judgment in Morris County Superior Court on July 7, 2015 ("2015 Action") seeking a declaration of compliance with the Mount Laurel doctrine and the FHA in accordance with Mount Laurel IV and also petitioned the court for temporary immunity from builder's remedy lawsuits. The court granted temporary immunity from builder's remedy lawsuits by order dated August 10, 2015. The Township reached a settlement agreement on November 13, 2017 with the Fair Share Housing Center (FSHC), a Supreme Court-designated interested party in the matter in accordance with Mount Laurel IV.

On January 26, 2018, a Fairness Hearing was held before the Honorable MaryAnn L. Nergaard, J.S.C., in the Township's 2015 Action. On January 31, 2018 Judge Nergaard issued an Order on Fairness and Preliminary Compliance deeming the Township's adopted Housing Element and Fair Share Plan dated March 7, 2016 was deemed to be constitutionally compliant subject to the

³ New Jersey Highlands Water Protection and Planning Council, RMP Addendum 2024-3: Highlands Affordable Housing Guidelines, adopted via Resolution 2024-24 on July 18, 2024.

adoption of an amended Housing Element and Fair Share Plan along with timely adoption of other compliance documents.

In accordance with the court's directions, the Township adopted updated affordable housing ordinances and the Township Planning Board adopted a revised Housing Element and Fair Share Plan Amendment, dated May 7, 2018. A Final Compliance hearing was subsequently conducted before Judge Nergaard on May 25, 2018. Following same, a Conditional Judgment of Compliance and Repose was issued by Judge Nergaard on May 25, 2018. The Township thereafter completed all conditions to achieve a final judgment to the satisfaction of the court appointed Special Master and the Court, including a subsequent amendment to the 2018 HEFSP in June 2018. Accordingly, a Final Judgment of Compliance and Repose was issued by the court in favor of the Township in the 2015 Action on August 6, 2018.

By virtue of the Final Judgment of Compliance and Repose issued in the 2015 Action, the Township is immune from exclusionary zoning and builder's remedy litigation at the present time.

The Township's 2018 HEFSP amendment, as approved by the court in the Township's 2015 Action and the underlying March 7, 2016 HEFSP continues to apply where not in conflict with the 2018 amendment.

On January 27, 2025 the Township Committee of the Township of Boonton timely adopted a Resolution committing to its Fourth Round affordable housing Present Need obligation of "4" and Fourth Round Prospective Need Obligation of "81" in accordance with P.L. 2024, c.2.

In accordance with FHA-2, on January 29, 2025, the Township filed a Complaint for Declaratory Relief Pursuant to FHA-2 and Administrative Directive 14-24 of the Administrative Office of the Courts.

No challenge was filed to the Township's Fourth Round Present Need Obligation of "4" and Fourth Round Prospective Need Obligation of 81. Therefore, the Township's Fourth Round Present and Prospective Need Obligations have been declared established by default pursuant to N.J.S.A. 52:27D-304.1 of FHA-2.

1.4 Purpose and Goals

The purpose of this Housing Element and Fair Share Plan is to provide a realistic opportunity to address the housing needs of Boonton residents across all income levels in accordance with the Mount Laurel Doctrine, the FHA and FHA-2. This plan proposes multiple opportunities to develop a variety of housing types to meet these needs, which can be integrated into the existing land use

Township of Boonton Housing Element and Fair Share Plan – Fourth Round 2025-2035

pattern and character of the Borough. This Plan has been prepared to meet the requirements of the Municipal Land Use Law (MLUL), Fair Housing Act (FHA), the New Jersey State Development and Redevelopment Plan (SDRP), and P.L. 2024, c.2 (FHA-2), and Administrative Directive #14-24.

This Housing Element and Fair Share Plan supports the goals of the Township's 2018 Master Plan Reexamination, which affirmed the following goals from the 2001 Master Plan:

1. Recognizing and planning for the needs of local residents through the study of demographic conditions.
2. Providing adequate housing facilities meeting minimum standards of health and safety to satisfy the needs of all income groups, especially, low- and moderate-income households.

1.5 Contents of the Plan

N.J.S.A. 40:55D-28 of the Municipal Land Use Law (N.J.S.A. 40:55D-1 et seq.) and N.J.S.A. 52:27D-310 of the Fair Housing Act (P.L. 1985, c.222) as amended by FHA-2 (P.L. 2024, c. 2) require that the Housing Element and Fair Share Plan include the following:

1. An inventory of the municipality's housing stock by age, condition, purchase or rental value, occupancy characteristics, and type, including the number of units affordable to low- and moderate-income households and substandard housing capable of being rehabilitated, and in conducting this inventory the municipality shall have access, on a confidential basis for the sole purpose of conducting the inventory, to all necessary property tax assessment records and information in the assessor's office, including but not limited to the property record cards;
2. A projection of the municipality's housing stock, including the probable future construction of low- and moderate-income housing, for the next ten years, taking into account, but not necessarily limited to, construction permits issued, approvals of applications for development and probable residential development of lands;
3. An analysis of the municipality's demographic characteristics, including but not necessarily limited to, household size, income level, and age;
4. An analysis of the existing and probable future employment characteristics of the municipality;
5. A determination of the municipality's present and prospective fair share for low- and moderate-income housing and its capacity to accommodate its present and prospective housing needs, including its fair share for low- and moderate-income housing, as established pursuant to section 3 of P.L.2024, c.2 (C.52:27D-304.1);
6. A consideration of the lands that are most appropriate for construction of low- and moderate-income housing and of the existing structures most appropriate for conversion to, or rehabilitation for, low- and moderate-income housing, including a consideration of lands of developers who have expressed a commitment to provide low- and moderate-income housing;

Township of Boonton Housing Element and Fair Share Plan – Fourth Round 2025-2035

7. An analysis of the extent to which municipal ordinances and other local factors advance or detract from the goal of preserving multigenerational family continuity as expressed in the recommendations of the Multigenerational Family Housing Continuity Commission, adopted pursuant to paragraph (1) of subsection f. of section 1 of P.L. 2021, c. 273 (C.52:27D-329.20);
8. For a municipality located within the jurisdiction of the Highlands Water Protection and Planning Council, established pursuant to section 4 of P.L. 2004, c. 120 (C.13:20-4), an analysis of compliance of the housing element with the Highlands Regional Master Plan of lands in the Highlands Preservation Area, and lands in the Highlands Planning Area for Highlands-conforming municipalities. This analysis shall include consideration of the municipality's most recent Highlands Municipal Build Out Report, consideration of opportunities for redevelopment of existing developed lands into inclusionary or 100 percent affordable housing, or both, and opportunities for 100 percent affordable housing in both the Highlands Planning Area and Highlands Preservation Area that are consistent with the Highlands regional master plan; and
9. An analysis of consistency with the State Development and Redevelopment Plan, including water, wastewater, stormwater, and multi-modal transportation based on guidance and technical assistance from the State Planning Commission.

2. Demographics

2.1 Population

Population change, 1990-2020

The Township of Boonton encompasses a total land area of 8.12 square miles (approximately 5,196.8 acres) and has a population of 4,380 people according to the 2020 U.S. Decennial Census, which translates to a population density of about 539.4 people per square mile. Boonton's population increased from 3,566 residents in 1990 to 4,287 in 2000, reflecting a 20.2% growth. However, between 2000 and 2010, the population experienced a slight decline of 0.6%, decreasing to 4,263. Growth resumed from 2010 to 2020, with a 2.7% increase, bringing the population to 4,380. Overall, the Township's population has grown over the 30-year period, despite a slight dip in 2000-2010.

Morris County's population increased steadily over the decades from 11.6% (1990-2000), 4.7% (2000-2010), and 3.5% (2010-2020). Although the growth rate has slowed over time, the county has maintained a consistent upward trend. Similar to Morris County, New Jersey experienced steady growth, though the rate of increase slowed slightly between 2000-2010 before rising again from 2010-2020.

Boonton Township's population has generally increased, but the 2000-2010 decline suggests a temporary demographic shift. Morris County and New Jersey have both exhibited consistent growth, though the pace has slowed over time. Compared to the county and state, Boonton's growth pattern is less stable, with a brief population decline in the early 2000s.

The population data reflects overall growth for Boonton Township, Morris County, and New Jersey, with some fluctuations at the Township level. The Township's decline in 2000-2010 could indicate local demographic changes or economic factors affecting residence, while the rebound in 2010-2020 suggests renewed population stability. Meanwhile, Morris County and New Jersey have

followed steady upward trends, though the rate of growth has gradually declined over the decades.

Age

Figure 2 presents data from the US Decennial Census on age distribution in Boonton Township for the years 2000, 2010, and 2020, highlighting shifts in demographic trends over the two decades. The data provides insights into population aging, growth in specific age groups, and potential implications for the community.

The Township has seen a decline in the younger population (0-24 years) in which the number of children under 5 years remained relatively stable, fluctuating slightly between census years. Those 5-9 years and 10-14 years showed minor variations but generally followed a stable trend, while those 15-24 years saw a slight decline, indicating a possible shift in younger populations moving out of the area for education or job opportunities. There was shift in the working-age population (25-54 years) where those in the 25-34 age cohort showed a decline over the years, suggesting fewer young adults are settling in the Township. The 35-44 age cohort had a sharp decline from 821 in 2000 to 611 in 2010, continuing downward in 2020. Similarly, the 45-54 age cohort group decreased from 765 in 2000 to 600 in 2020, indicating an aging population and fewer middle-aged individuals entering the Township. Those within the 55-64 cohort increased significantly, reflecting the aging of the previously dominant middle-age population. Furthermore, those 65-74 year and 75-84 year age groups saw growth, suggesting an increase in older residents staying in the community. Additionally, the 85+ age cohort grew, highlighting a rise in longevity and continuing the aging population trend.

Boonton Township is experiencing a gradual demographic shift toward an aging population, with a decline in younger and working-age cohorts and a growth in senior populations. This trend may have implications for housing, healthcare, and community services, as well as school enrollment and workforce development. Boonton's age distribution from 2000 to 2020 reflects broader demographic patterns in Morris County and State (**Figures 3 & 4**).

2.2 Household Size and Type

Households

The following table presents the US Decennial Census data on household size and composition in Boonton Township, Morris County, and New Jersey for the years 2000, 2010, and 2020. It categorizes households by the number of occupants and tracks percentage changes over time, providing insights into shifting demographic and living patterns. The total number of occupied housing units in the Township increased from 1,476 in 2000 to 1,575 in 2010 but declined to 1,504 in 2020. This suggests a peak in housing occupancy around 2010, followed by a slight decrease, potentially due to demographic shifts or housing market trends. Two-person households slightly fluctuated but remained a significant portion of the total households, 32.8% in 2020, similar to 2000 levels (30.9%). Four-or-more-person households showed an increase in 2020, making up 32.8% of occupied housing units, compared to 30.9% in 2000 and 28.1% in 2010. This suggests a return to larger family households after a decline in the previous decade. The percentage of one-person households increased from 17.5% in 2000 to 23.9% in 2010, but then declined to 16.5% in 2020. This indicates a trend where more people were living alone in 2010, but by 2020, single-person households had decreased, possibly due to economic or social factors encouraging shared living arrangements.

Both Morris County and New Jersey saw a continuous rise in occupied housing units from 2000 to 2020, reflecting overall population growth and housing demand. Morris County saw an increase in 1-person households from 21.5% in 2000 to 23.5% in 2020, aligning with broader trends of independent living. New Jersey followed a similar pattern, with 1-person households rising from 24.5% in 2000 to 25.6% in 2020. Across the Township, County, and State, 2-person households consistently formed the largest segment of households, accounting for about 30% of total housing units in 2020.

The data suggests changing household dynamics in Boonton Township, with an increase in larger households and a decline in single-person residences. This contrasts with Morris County and New Jersey, where single-person households are increasing, likely due to aging population and lifestyle preferences. The Township's shift towards multi-person households may indicate evolving housing needs, which could impact future residential planning and community services.

Income

The table below provides an analysis of household income distribution in Boonton Township for the years 1999, 2010, and 2020. It highlights shifts in income brackets and trends in median household income at the local, county, and state levels. While dollar thresholds do not account for inflation over time, they still provide insight into how income patterns have evolved.

Households earning less than \$10,000 decreased from 32 in 1999 to 17 in 2010, but rose significantly to 45 in 2020. The \$10,000 to \$14,999 income bracket fluctuated, rising to 33 households in 2010 before dropping to 11 in 2020. The \$15,000 to \$24,999 and \$25,000 to \$34,999 brackets saw a notable decrease, indicating fewer households in lower income categories. Households earning \$35,000 to \$49,999 fell from 145 in 1999 to 37 in 2020. Additionally, the \$50,000 to \$74,999 bracket decreased from 230 in 1999 to 135 in 2020, and the \$75,000 to \$99,999 bracket declined significantly from 223 in 1999 to 101 in 2020. Households earning \$100,000 to \$149,999 remained relatively stable from 269 in 1999 to 243 in 2010, but increased significantly to 334 in 2020. The \$200,000 or more income group grew significantly from 258 households in 1999 to 547 in 2020, more than doubling over the period.

Boonton Township's median household income increased from \$91,753 in 1999 to \$145,050 in 2020, reflecting economic growth. Morris County's median household income followed a similar pattern, rising from \$77,340 in 1999 to \$117,298 in 2020. New Jersey's median household income saw a steady rise from \$55,146 in 1999 to \$85,245 in 2020 indicating an overall statewide income growth. The household income data from 1999 to 2020 reflects a trend of economic growth in the Township, with a significant shift toward higher-income brackets.

2.3 Employment Characteristics

Workforce

Approximately 3,375 residents of Boonton's aged 16 and older is in the labor force,⁴ which suggests a moderate level of workforce engagement. Additionally, the unemployment rate of 3.9% is relatively low compared to the County (4.9%) and the State (5.8%), indicating that most individuals who wish to work are able to find employment. Low unemployment often corresponds with a robust local job market or strong commuting opportunities in nearby employment centers. Approximately 37.7% of residents 16 and older are not in the labor force. This group could include retirees, full-time students, or individuals

who are otherwise not seeking employment. Given Boonton's demographic trends, the proportion of non-participants may be driven by older adults choosing to remain out of the workforce. It should be noted that all individuals in the labor force are classified as civilian as there are no reported members of the Armed Forces, which is not unusual for a small, primarily residential community.

The Township's 2020 employment status data depict a community with a moderate labor force participation rate, low unemployment, and a significant number of residents not in the labor force. These factors suggest an economically stable environment, influenced by an aging population and limited labor pool growth.

Commuting Characteristics

In 2020, 89.2% of Boonton Township workers remained within their state for work, with 61.4% working in the county and 27.9% commuting outside it. A significant 81.8% relied on a car, truck, or van, with 75.2% driving alone and 6.6% carpooling. Public transportation use was low at 4.7%, while only 1.1% walked, and no commuters used bicycles or motorcycles. The average commute time was 31.5 minutes, with 23.2% taking 35 to 59 minutes. Notably, 12.6% of workers commuted over an hour, indicating a considerable portion of long-distance travelers.

The Township's commuting characteristics data highlights a car-dependent workforce with moderate to long commute times. Efforts to enhance public transportation options and reduce traveling times could improve commuting efficiency. The data also suggests a potential need for local job opportunities to reduce the high percentage of out-of-county commuters.

Employment by Industry

In 2020, the Township's labor force consisted of 2,021 employed individuals, with the largest employment sectors being educational services, health care, and social assistance (20.6%), followed by finance and insurance, and real estate and rental leasing (18.4%), and professional, scientific and management, and administrative waste management services (17.9%). Manufacturing accounted for 13.3% of employment, while arts, entertainment, recreation, accommodation, and food services employed 8.8%. The construction sector comprised 6.1% of jobs, with retail and wholesale trade representing 3.6% and 3.1% respectively. Transportation, public administration, and information industries collectively accounted for 7.5%, while agriculture and other services had minimal employment shares. The data highlights a strong presence in white-collar and service-oriented industries, with manufacturing still playing a notable role.

3. Housing Characteristics

3.1 Inventory of housing stock

Housing Occupancy and Tenure

In 2020, the Decennial Census reported a total of 1,583 housing units. Of this number, 1,504 (95.0%) were occupied. The owner-occupied rate was 91.3%, while only 8.7% were rented-occupied. Compared to Morris County (95.3% occupied, 69.8% owner-occupied), Boonton Township had a significantly higher homeownership rate. The homeowner vacancy rate was 1.3% in the Township, slightly above Morris County (1.2%) but below the State average (1.5%). Boonton's rental vacancy rate was 1.5%, much lower than Morris County (5.5%) and New Jersey (5.7%), indicating strong demand for rental properties.

The Township exhibits a strong preference for homeownership, with over 91.3% of occupied housing units being owner-occupied, significantly higher than county and state levels. The rental occupancy rate (8.7%) is much lower than in Morris County (35.3%), suggesting a limited rental housing supply. The low homeowner and rental vacancy rates indicate

a stable and desirable housing market, with high demand for both ownership and rental properties.

Boonton Township's housing market is characterized by high homeownership, low vacancy rates, and limited rental options. Compared to the County and State, the Township maintains a strong preference for ownership, with fewer rental opportunities with lower vacancy rates, highlighting its status as a stable residential community.

Vacancy Status

Out of 1,583 total housing units, only 79 units (5%) were vacant, which indicates a high occupancy rate and a strong housing demand in the Township. Only 2 units (0.1%) were available for rent, suggesting a very tight rental market, while 18 units (1.1%) were on the market, showing a high housing turnover rate. There were 28 units (1.8%) designated for seasonal recreational, or occasional use, reflecting some presence of second homes or vacation properties. In addition, 22 units (1.4%) were classified as "other vacant," which include a variety of situations,⁵ as follows:

1. The owner does not want to rent or sell;
2. The owner is elderly and living in a nursing home or with family members;
3. The unit is being held for the settlement of an estate;
4. The unit is being renovated; or
5. The unit is being foreclosed.

Boonton Township's housing market is characterized by high occupancy, strong demand, and very few available rental or for-sale properties. The presence of seasonal housing suggests some use of homes for recreation, but overall, the data reflects a stable residential community with limited housing availability.

Units In Structure

Out of the 1,496 total housing units, 1,316 units (88%) are detached single-family homes, making this the predominant housing type. An additional 5.1% (76 units) are attached single-family homes, further emphasizing a low-density residential community. Multi-family housing is scarce, with only 10 units (0.67%) classified as 3- or 4-unit buildings. There are no 2-unit, 5- to 9-unit, or 10- to 19-unit buildings, indicating a lack of small to mid-sized apartment buildings or duplexes. Larger apartment complexes (20+ units) account for 94 units, providing the only significant multi-family housing option in the Township. No mobile homes, boats, RVs, or similar alternative housing units were reported, showing that all housing in Boonton Township is permanent and traditionally built. The Township's housing market is heavily focused on single-family, owner-occupied homes, with minimal multi-family or rental housing available. The lack of diverse housing options may contribute to high homeownership rates and limited rental availability, reinforcing Boonton's suburban, high-income residential profile.

Table 10 outlines the age distribution of housing structures in the Township, based on 2020 ACS 5-Year Estimates. This data provides insights into the Township's housing development trends over different decades. The largest share of homes was built between 1990-1999 (18.2%), followed by homes built between 1970-1979 (16.7%). These three decades account for over 53% of all housing units, indicating significant residential expansion during this period. Homes built between 1960-1969 (12.6%), 1950-1959 (10%), and 1940-1949 (4.88%) contributed to the gradual growth of Boonton. 10.3% of homes were built prior to 1939, showcasing the presence of historical structures in the area. Housing development slowed after 2000, with only 5.6% of homes built between 2000-2009 and 2% between 2010-2013. Only 0.67% of homes were built in 2014 or later, suggesting a decline in a new housing development.

All in all, most homes were constructed between 1970 and 1999, marking a period of rapid suburban expansion. Post-2000, residential growth declined significantly, with minimal new housing added in the last decade. A notable percentage of pre-1940 homes (10.3%) reflect the Township's historical character. The sharp decline in new housing construction after 2000 suggests limited expansion or a shift toward preservation and redevelopment rather than new builds.

3.2 Costs and Value

There are numerous methods by which to view the value of Boonton's housing stock. The ACS provided counts for the following items: Selected Monthly Owner Costs (SMOC), the values of owner-occupied and renter-occupied units, and mortgage characteristics.

Selected Monthly Owner Costs

SMOC is a figure which consists of all costs associated with homeownership.⁶ The median monthly housing cost for homeowners with a mortgage in Boonton Township is \$3,525, which is higher than both Morris County (\$2,916) and New Jersey (\$2,476). A majority (64.6%) of homeowners pay \$3,000 or more or more per month, compared to 47% in Morris County and 32.3% statewide. Only 2.9% of homeowners pay between \$1,000-\$1,499, much lower than the state's 10%. No homeowners in the Township pay less than \$1,000 per month, whereas 2.5% of New Jersey homeowners fall within this range. Only 1.7% of homeowners in the Township pay between \$1,500-\$1,999, far below the 18.4% statewide. The median housing cost of homeowners without a mortgage is \$1,429, exceeding the county median (\$1,191) and the state median (\$1,062). 84% of homeowners without a mortgage pay \$1,000 or more per month, compared to 69.4% in Morris County and 55.8% in New Jersey. Only 2.5% of mortgage-free homeowners pay between \$400-\$599, while 6.8% of homeowners statewide fall within this range. No homes in Boonton have costs below \$600 per month, while the State has 22.1% in this range. Boonton Township is a high-cost housing market, with median monthly owner costs significantly exceeding county and state levels. The data suggests limited affordability, as most homeowners face high housing expenses, and lower-cost housing options scarce.

Listing the items separately improves accuracy and provides additional detail."

Township of Boonton Housing Element and Fair Share Plan – Fourth Round 2025-2035

Value

The median home value in Boonton is \$645,100 indicating a high-cost housing market. The majority of homes (62.3%) are valued between \$500,000 and \$999,999, while 10.7% exceed \$1 million. Only 4.1% of homes are valued below \$300,000 with no homes listed under \$200,000, reflecting a lack of affordable housing options. There are no homes valued below \$200,000, meaning entry-level homebuyers face significant cost barriers. Homes in the \$300,000-\$499,999 range make up only 22.9% of the market, further demonstrating a limited mid-range housing supply.

The median rent in Boonton is \$2,212, which is higher than both County and State averages. A majority (69.9%) of renters pay between \$2,000 and \$2,499 per month, while 9.7% pay \$3,000 or more. Furthermore, there are no rental units available below \$1,000 per month, making it difficult for low- and moderate-income renters to find affordable housing. Only 10.8% of renters pay between \$1,000 and \$1,499, reinforcing a high-cost rental market.

Both home values and rental prices are significantly above regional and state medians. The absence of homes below \$200,000 and rental units below \$1,000 suggests that Boonton Township is primarily a high-income residential community. In addition, a notable portion (10.7%) of homes exceed \$1 million, and high-end rentals are common, further emphasizing the premium nature of the housing market.

3.3 Housing Units Capable of Being Rehabilitated

Out of the 1,407 occupied housing units, 0 units (0%) lacked plumbing facilities, 13 units (0.9%) lacked complete kitchen facilities and one unit (0.1%) had no telephone service available according to the 2020 ACS 5-Year Estimates. Information on complete plumbing and kitchen facilities, as well as overcrowding, is significant

because these metrics are utilized in order to calculate a municipality's "present need" or rehabilitation share. This will be discussed in more detail in the Fair Share Plan below.

3.4 Projection of Housing Stock

Since 2004, there have been 127 housing units that have received certificates of occupancy, according to the New Jersey Department of Community Affairs (DCA) Construction Reporter. Of these certifications, 77.2 percent were issued for 1- and 2-family homes, and 22.8 percent were issued to units in multi-family developments.

Housing Projects Through 2025

The Township of Boonton Planning Board did not approve any projects in 2023 or 2024 that generated new affordable housing units.

Lands Available for New Construction and Redevelopment

The potential for large-scale new development in the Township is restricted by a lack of developable land due to most of the Borough already being built out or utility constraints. The Highlands Planning Area covers the majority of the Township, with the exception of a small portion of land within the Highlands Preservation Area in the northwestern portion of the municipality. The Highlands Planning Area, promotes development, however many of the developable lots greater than one acre are either largely built-out and/or there is a lack of sewer and water infrastructure to support new development.

The municipality should also continue to support the rehabilitation of the existing housing stock for affordable housing opportunities by continuing its participation in using Community Block Grants and other funding sources to achieve this.

Utility Constraints

The MLUL requires that a Housing Element include consideration of the lands that are most appropriate for construction of low- and moderate-income housing. As part of the Highlands Regional Master Plan Conformance, Boonton Township completed a Municipal Build-Out Report in 2010. This report included a Limiting Factor Analysis to examine three categories of constraints to consider on developable land: Land Based Capacity⁷, Resource Based Capacity⁸, and Utility Based Capacity⁹. The results of this analysis are identified in the table below.

Residential Zones

The development of future housing stock is influenced by many factors, including availability of necessary infrastructure, such as sewer and water, zoning regulations, and environmental resource constraints.

Boonton Township is situated in both the Highlands Preservation and Planning Areas. Similarly, the New Jersey SDRP identifies the Township within Planning Area 5 (PA 5), the Environmentally Sensitive Planning Area. Of Boonton's 5,196.8 acres, approximately 22.4% of these lands (1,166 acres) are preserved.

Preservation Area conformance was approved by the Highlands Council on April 16, 2015. Additionally, the Township is located within several New Jersey State Development and Redevelopment Plan (SDRP) Planning Areas. The majority of the Township is within Planning Area 5 (PA 5), the Environmentally Sensitive Planning Area.¹⁰ There is also a small area along the southern municipal border with Denville Township and Mountain Lakes Borough that falls under the Park Planning Area¹¹ as it is a part of Tourne County Park

R-261 Residence District

The R-261 in Boonton Township is a low-density residential district requiring a minimum lot size of 261,360 square feet (6 acres) to preserve the area's rural character, protect open spaces, and minimize environmental impact. The zoning helps manage infrastructure demands by limiting development density and reducing strain on roads, the water supply, and sewage systems. It also supports agricultural and equestrian activities as conditional uses, provided they meet specific requirements. By maintaining larger lot sizes, the R-261 District ensures sustainable growth while preserving the Township's natural and scenic landscapes.

R-81 Residence District

The R-81 District is a residential district that mandates a minimum lot size of 81,000 square feet (1.86 acres) for single-family dwellings. The zoning regulation aims to balance residential development with the preservation of the Township's semi-rural character. By enforcing larger lot sizes, the R-81 District helps maintain open spaces, reduce housing density, and minimize environmental impacts. This approach ensures that new developments are in harmony with existing neighborhoods, supports sustainable growth, and protects the natural landscape that defines the Township.

R-40 Residence District

The R-40 District is a residential district that requires a minimum lot size of 40,000 square feet (0.92 acres) for single-family dwellings. This zoning regulation aims to balance residential development with the preservation of the Township's rural character. It ensures that new development aligns with existing neighborhoods, supports sustainable growth, and protects the natural landscape of the area.

R-30 Residence District

The R-30 District is a residential district that requires a minimum lot size of 30,000 square feet (0.69 acres) for single-family homes. This zoning regulation is intended to preserve the Township's semi-rural character. By enforcing these lot size requirements, Boonton ensures that new development blends harmoniously with existing neighborhoods, preventing overcrowding while supporting growth.

¹⁰ The PA 5 Planning Area (Environmentally Sensitive Planning Area) in the SDRP consists of lands with critical environmental features, such as wetlands, forests, and habitats. Development is highly restricted to protect ecological integrity, with strict land use controls and limited infrastructure expansion to prevent environmental degradation.

¹¹ The Park Planning Area in the SDRP consists of lands designated for recreation, conservation, and open space preservation, development is highly restricted, focusing on maintaining natural resources, wildlife habitats, and public access to parks while limiting infrastructure expansion.

Township of Boonton Housing Element and Fair Share Plan – Fourth Round 2025-2035

R-20 Residence District

The R-20 District is a residential district that requires a minimum lot size of 20,000 square feet (0.46 acres) for single-family residences. This zoning regulation is intended to support moderate-density residential development while ensuring a balance between growth and the Township's natural environment. The district also promotes responsible land use planning, ensuring that new housing developments integrate well with the surrounding community while minimizing strain on public infrastructure and resources.

R-1A Residence District

The R-1A District establishes a minimum lot size of 20 acres for townhouses and apartments. This zoning designation is intended to accommodate moderate-density residential development at 4.5 dwelling units per acre while maintaining the Township's suburban character. It provides a balance between growth and the preservation of community aesthetics by ensuring that new construction is consistent with surrounding properties. Additionally, the R-1A District supports smart land use planning, ensuring that residential expansion aligns with the Township's long-term vision of sustainable and orderly development.

R-1B Residence District

The R-1B District establishes a minimum lot size of 20 acres for townhouses and apartments. This zoning designation is intended to accommodate moderate-density residential development at 6.5 dwelling units per acre while maintaining the Township's suburban character. In addition, the R-1B District supports smart land use planning, ensuring that residential expansion aligns with the Township's long-term vision of sustainable and orderly development.

R-ASH Residence District

The R-ASH (Assisted Senior Housing) District mandates a minimum lot area of 5 acres. This District is designated to accommodate housing facilities tailored to senior citizens, including congregate housing, intermediate care, and nursing homes. A maximum density of 12 beds or 12 dwelling units per acre or a combination of beds/dwelling units not to exceed 12 beds/dwelling units per acre for intermediate care facilities; or 12 beds for nursing homes, is permitted. The district aims to address the specific housing and care requirements of the elderly population, ensuring they have access to appropriate residential options within the community. By establishing this zone, Boonton seeks to provide a supportive living environment for seniors, enhancing their quality of life while integrating these facilities into the community.

Multigenerational Housing

P.L. 2021, c. 273 established the Multigenerational Family Housing Continuity Commission (the Commission) and assigned the Commission the responsibility of preparing and adopting, "...recommendations on how State government, local government, community organizations, private entities, and community members may most effectively advance the goal of enabling senior citizens to reside at the homes of their extended families, thereby preserving and enhancing multigenerational family continuity, through the modification of State and local laws and policies in the areas of housing, land use planning, parking and streetscape planning, and other relevant areas" (N.J.S.A. 52:27D-329.20f[1]). Municipalities are now required to provide an analysis of the extent to which local ordinances advance or detract from these recommendations. At the time this Housing Element and Fair Share Plan is being prepared, no such recommendations have been published by the Commission.

Township of Boonton Housing Element and Fair Share Plan – Fourth Round 2025-2035

4. Fair Share Plan

4.1 Plan Purpose and Goals

This Fair Share Plan will describe specific projects, programs, strategies and funding sources to meet the Township's affordable housing obligation, while also complying with the Fair Housing Act, relevant affordable housing regulations and Directive #14-24. The overriding goal of this Plan is to provide a framework for the Township of Boonton to take affirmative steps towards providing a realistic opportunity to achieve its fair share of the present and prospective regional need for low and moderate-income housing.

4.2 Determination of Housing Need

On October 18, 2024, NJDCA published local and regional affordable housing obligations pursuant to P.L.2024, c.2. proposing that Boonton Township has a Fourth Round present need, or rehabilitation, obligation of **4 units** and a prospective need of **81 units**. On January 27, 2025, the Township Committee adopted Resolution 25-60 accepting the obligations as proposed by NJDCA. On January 29, 2025, the Township filed a Declaratory Judgment action requesting certification of the Township's Housing Element and Fair Share Plan proposed to be submitted to the Dispute Resolution Program by June 30, 2025. No timely challenge or objection was filed with respect to the Township's Fourth Round Present Need and Prospective Need Obligations. Therefore, in accordance with N.J.S.A. 52:27D-304.1f of FHA-2, the Township's Fourth Round Present Need Obligation is established as **4 units** and the Township's Fourth Round Prospective Need is established as **81 units**.

Prior Round Obligation

The Township received a Judgment of Compliance in litigation with "Brae Loch" in November 1986, which expired on November 17, 1992. Jurisdiction over the Township's affordable housing compliance was transferred to COAH on November 18, 1992, which then granted Boonton Township interim substantive certification on August 4, 1993. Boonton adopted a Second Round Housing Element and Fair Share Plan on May 7, 1996 and received Second Round substantive certification on September 4, 1996, which expired on December 20, 2005. Boonton Township then adopted a Third Round Plan on September 9, 2009; however, the Township's submission was delayed due to determination of impacts from the Highlands Regional Master Plan. Consequently, the Township's Third Round Plan was not reviewed by COAH and did not receive substantive certification.

The Township addressed its Prior Round obligation of 20 units as follows:

Table 17. *Prior Round Mechanisms and Credits*

Mechanism	Units/Credits
Brae Loch (Family for Sale)	15
Victoria Mews (Assisted Living)	5
Total Prior Round	20

Township of Boonton Housing Element and Fair Share Plan – Fourth Round 2025-2035

Third Round Prospective Need (1999-2025)

The Township had a Third Round prospective need of 119 units. The Township addressed this prospective need with existing affordable for-sale family and age-restricted rental units, inclusionary zoning permitting age-restricted housing, and a proposed 100% affordable family rental housing development. The Township proposed to address these obligations as follows:

Table 18. Boonton Township Third Round Mechanisms and Credits

Mechanism	Units/Credits
Victoria Mews (Assisted Living)	15
Brae Loch (Family For Sale)	9
Barrister, RB Zone, Lot 2, Block 40702 (Family Rental)	8
Bonus Credits	8
Subtotal	40
Durationally Adjusted Need Carryover to Round 4	79
Total Units	119

The Township adopted the ordinances for the development of affordable housing through inclusionary zoning on the Barrister RB Zone site. The Barrister Development was originally proposed as a senior development and was amended to a multi-family project. The project was approved and is under construction, providing eight (8) family rental units with eight (8) bonus credits. Similarly, Victoria Mews and Brae Loch are both complete. Therefore, all Round 3 mechanisms listed above are either construction or under construction.

The Township proposed to address its durationally adjusted need of 87 units as follows:

Boonton Township owns property located at Block 40501, Lot 1.03 called the North Main Street/Oak Road Tract, which is approximately 37 acres. The property was previously located in the sewer service area; however, it was removed in 2013. The Township filed a Wastewater Management Plan Amendment with the NJDEP to have a portion of the property returned to the sewer service area for use as a 100 percent affordable family rental site. The site is proposed to include 60 affordable rental units. The Township is currently in the process of seeking the Wastewater Management Plan Amendment and identifying potential developers for the site. The Township will provide zoning for this site which will be adopted upon inclusion in the sewer service area. The Township could receive up to 29 units in bonus credits for family rental housing, totaling 89 credits. Therefore, the entire Third Round Prospective Need would be addressed.

Township of Boonton Housing Element and Fair Share Plan – Fourth Round 2025-2035

Fourth Round Obligation (2025-2035)

Boonton Township has a Fourth Round present need, or rehabilitation, obligation of **4 units** and a prospective need of **81 units**. There is also a 79-unit carryover obligation from Round 3 which remains the subject of a durational adjustment.

Table 19. Boonton Township Fourth Round Affordable Housing Obligations

4.3 Lands Available for New Construction and Redevelopment

Vacant Land Adjustment

Pursuant to N.J.S.A. 52:27D-310.1 and N.J.A.C. 5:93-4.2, Boonton Township has conducted an analysis of vacant land available for affordable housing purposes. The Township did not apply a vacant land adjustment to its Third Round obligation; however, the Township has not only become almost entirely built-out due to development but also due to environmentally constrained lands. The following is the methodology utilized for this Fourth Round vacant land analysis.

Properties with the following property classes were selected:

1. 1 – Vacant
2. 3A and 3B – Farmland
3. 15A – Public School Property
4. 15C – Public Property
5. Properties without a property class associated in the MODIV data

Properties, or portions of properties, were excluded from being potentially developable based on a review of the following constraints:

1. Wetlands and associated buffers
2. FEMA Special Flood Hazard Areas

Township of Boonton Housing Element and Fair Share Plan – Fourth Round 2025-2035

3. Steep slopes > 20%
4. Category 1 Waterways/Riparian Areas
5. Critical Wildlife Habitats (land was excluded only if *also* outside of the existing Sewer Service Area)
6. Deed Restrictions & Conservation Easements (Review of Borough Tax Maps)
7. Properties listed on the State or National Historic Registers
8. Preserved Farmland
9. Preserved Open Space
10. Properties with dedicated municipal uses
11. Existing Inclusionary Overlay Zones
12. Properties with site plan approval

After environmental constraints applied, properties were further removed/refined based on accessibility to the developable portion of the site. One (1) parcel was identified as potentially developable. Boonton Township's RDP is four (4) units, resulting in an unmet need of 77 units for the Fourth Round plus the 79-unit carryover from the Third Round for a total unmet need of 156 units.

Total Unmet Need				156 Units

Lack of Water and Sewer

According to N.J.A.C 5:93-4.3, if a community has insufficient water and /or sewer to support inclusionary development, it may seek a durational adjustment. The Township seeks a durational adjustment for the unmet need portion of the RDP, 156 units, given that the Township continues to propose Block 40501, Lot 1.03 called the North Main Street/Oak Road Tract, which is approximately 37 acres and the parcel is not located in the sewer service area. The Township has applied to the NJDEP for a Wastewater Management Plan amendment. To the extent that the proposed 3.25 acres of this parcel is brought into the sewer service area, the Township would pursue a 100% Affordable Housing development at the site including 60 or more units affordable units. The property is owned by Boonton Township.

Township of Boonton Housing Element and Fair Share Plan – Fourth Round 2025-2035

4.4 Proposed Mechanisms

On October 18, 2024, New Jersey Department of Community Affairs (NJDCA) published local and regional affordable housing obligations pursuant to P.L.2024, c.2. proposing that Boonton Township has a Fourth Round present need, or rehabilitation, obligation of **four (4) units** and a prospective need of **81 units**. On January 27, 2025, the Township Committee adopted Resolution 25-60 accepting the obligations as proposed by NJDCA. On January 29, 2025, the Township filed a Declaratory Judgment action requesting certification of the Township's Housing Element and Fair Share Plan proposed to be submitted to the Dispute Resolution Program by June 30, 2025. The Township's carryover durationally adjusted need from Round 3 was 79 units. The total Round 4 obligation is 160 units.

The Township conducted a vacant land adjustment pursuant to N.J.S.A. 52:27D-310.1 and N.J.A.C. 5:93-4.2, which resulted in an RDP of four (4) units. The Township also proposes a durational adjustment pursuant to N.J.A.C. 5:93-4.3 for a lack of water and sewer for any unmet need not able to be addressed during the Round Four period (2025-2035).

The Township proposes extension of expiring controls, inclusionary zoning and a 100% affordable housing project to meet the RDP and address unmet need as outlined below:

Extension of Expiring Controls – Brae Loch Family for Sale Development

Brae Loch is an inclusionary townhouse development in Boonton Township that was completed between 1996 and 1998. The development included 24 affordable townhouses that are owner-occupied units. The 30-year deed restrictions are set to expire between 2026 and 2028. The Township is seeking to extend the expiring controls on these units pursuant to N.J.S.A. 52:27D-311, N.J.S.A. 52:27D-321f of FHA-2 and Housing and Mortgage Finance Agency's Housing Affordability Control regulations at N.J.A.C. 5:80-26.1 et seq. ("UHAC")

Inclusionary Zoning/Redevelopment – RB Zone

The Retail Business (RB) Zone, contains two properties, one being recently approved for development as the Barrister Inclusionary Development and the second being 100 Powerville Road, Block 40702, Lot 1.01, which is 1.95 acres and is developed with a commercial building that was formerly a bank. The RB Zone was amended to include a mixed-income multi-family housing use as a conditionally permitted use at a density of 15 dwelling units per acre with a 20 percent set-aside for low- and moderate-income units. A development on the site has the potential to yield six (6) affordable units.

This zone meets the requirements of N.J.S.A. 52:27D-310.1, which requires municipalities seeking a vacant land adjustment to adopt zoning for 25 percent of its adjusted prospective need. The adjusted prospective need, or RDP, is four (4) units. The adjusted prospective need for redevelopment is one (1) unit. The total required number of units to be addressed is five (5) units. The proposed zoning for six (6) affordable units, exceeds the requirement of this section.

Boonton Township owns property located at Block 40501, Lot 1.03 called the North Main Street/Oak Road Tract, which is approximately 37 acres. The property was previously located in the sewer service area; however, it was removed in 2013. The Township filed a Wastewater Management Plan Amendment with the NJDEP to have a portion of the property returned to the sewer service area for use as a 100 percent affordable family rental site. The site is proposed to include 60 affordable rental units. The Township is currently in the process of seeking the Wastewater Management Plan Amendment and identifying potential developers for the site. The Township will provide zoning for this site which will be adopted upon inclusion in the sewer service area. The Township proposes at least 60 units on the site to address unmet need.

Rehabilitation Program

The Township of Boonton proposes to address its rehabilitation obligation of four (4) units through participation in the Morris County Rehabilitation Program. According to N.J.A.C. 5:93-5.2, the purpose of a rehabilitation program is to rehabilitate substandard housing units occupied by low- and moderate-income households. A substandard housing unit is defined as a unit with health and safety code violations that require the repair or replacement of a major system, including weatherization, a roof, plumbing, heating, electricity, sanitary plumbing (including septic systems) and/or a load bearing structural system. Upon rehabilitation, housing deficiencies must be corrected and the house must be brought up to code standard.

At least 13% of all restricted units shall be very-low-income units (affordable to a household earning 30% or less of median income).  - [5] Once the Construction Official has determined that the design plan to convert the unit entrances from adaptable to accessible meet the requirements of the Barrier Free Subcode, N.J.A.C. 5:23-7, and that the cost estimate of such conversion is reasonable, payment shall be made to the Township of Boonton's affordable housing trust fund in care of the Municipal Treasurer who shall ensure that the funds are deposited into the affordable housing trust fund and appropriately earmarked.

- [6] Full compliance with the foregoing provisions shall not be required where an entity can demonstrate that it is site impracticable to meet the requirements. Determinations of site impracticability shall be in compliance with the Barrier Free Subcode, N.J.A.C. 5:23-7.7.

- (10) The rent of low- and moderate-income units may be increased annually based on the percentage increase in the Housing Consumer Price Index for the United States. This increase shall not exceed 9% in any one year. The affirmative marketing plan is a regional marketing strategy designed to attract buyers and/or renters of all majority and minority groups, regardless of race, creed, color, national origin, ancestry, marital or familial status, gender, affectional or sexual orientation, disability, age or number of children to housing units which are being marketed by a developer, sponsor or owner of affordable housing. The affirmative marketing plan is also intended to target those potentially eligible persons who are least likely to apply for affordable units in that region. It is a continuing program that directs all marketing activities toward COAH Housing Region II and covers the period of deed restriction.
- C. The affirmative marketing plan shall provide a regional preference for all households that live and/or work in COAH Housing Region II comprised of Morris, Union, Essex and Warren Counties.
- D. The administrative agent designated by the Township of Boonton shall assure the affirmative marketing of all affordable units consistent with the affirmative marketing plan for the municipality.
- E. In implementing the affirmative marketing plan, the administrative agent shall provide a list of counseling services to low- and moderate-income applicants on subjects such as budgeting, credit issues, mortgage qualification, rental lease requirements, and landlord/tenant law.
- F. The affirmative marketing process for available affordable units shall begin at least four months prior to the expected date of occupancy.
- G. The costs of advertising and affirmative marketing of the affordable units shall be the responsibility of the developer, sponsor or owner, unless otherwise determined or agreed to by the Township of Boonton.

§ 102-195.8. Occupancy standards.

In referring certified households to specific restricted units, to the extent feasible, and without causing an undue delay in occupying the unit, the administrative agent shall strive to:

- A. Provide an occupant for each bedroom;
- B. Provide children of different sex with separate bedrooms;
- C. Provide separate bedrooms for parents and children; and
- D. Prevent more than two persons from occupying a single bedroom.

§ 102-195.9. Control periods for restricted ownership units; enforcement mechanisms.

- A. Control periods for restricted ownership units shall be in accordance with N.J.A.C. 5:80-26.5,

as may be amended and supplemented, and each restricted ownership unit shall remain subject to the requirements of this article until the Township of Boonton elects to release the unit from such requirements; however, and prior to such an election, a restricted ownership unit must remain subject to the requirements of N.J.A.C. 5:80-26.1, as may be amended and supplemented, for a period of at least 30 years.

- B. The affordability control period for a restricted ownership unit shall commence on the date the initial certified household takes title to the unit.
- C. Prior to the issuance of the initial certificate of occupancy for a restricted ownership unit and upon each successive sale during the period of restricted ownership, the administrative agent shall determine the restricted price for the unit and shall also determine the nonrestricted, fair market value of the unit based on either an appraisal or the unit's equalized assessed value.
- D. At the time of the initial sale of the unit, the initial purchaser shall execute and deliver to the administrative agent a recapture note obligating the purchaser (as well as the purchaser's heirs, successors and assigns) to repay, upon the first nonexempt sale after the unit's release from the requirements of this article, an amount equal to the difference between the unit's nonrestricted fair market value and its restricted price, and the recapture note shall be secured by a recapture lien evidenced by a duly recorded mortgage on the unit.
- E. The affordability controls set forth in this article shall remain in effect despite the entry and enforcement of any judgment of foreclosure with respect to restricted ownership units.
- F. A restricted ownership unit shall be required to obtain a continuing certificate of occupancy or a certified statement from the Construction Official stating that the unit meets all code standards upon the first transfer of title that follows the expiration of the applicable minimum control period provided under N.J.A.C. 5:80-26.5(a), as may be amended and supplemented.

§ 102-195.10. Price restrictions for restricted ownership units, homeowner association fees and resale prices.

Price restrictions for restricted ownership units shall be in accordance with N.J.A.C. 5:80-26.1, as may be amended and supplemented, including:

- A. The initial purchase price for a restricted ownership unit shall be approved by the administrative agent.
- B. The administrative agent shall approve all resale prices, in writing and in advance of the resale, to assure compliance with the foregoing standards.
- C. The method used to determine the condominium association fee amounts and special assessments shall be indistinguishable between the low- and moderate-income unit owners and the market unit owners.
- D. The owners of restricted ownership units may apply to the administrative agent to increase the maximum sales price for the unit on the basis of capital improvements. Eligible capital improvements shall be those that render the unit suitable for a larger household or the addition of a bathroom.

§ 102-195.11. Buyer income eligibility.

- A. Buyer income eligibility for restricted ownership units shall be in accordance with N.J.A.C. 5:80-26.1, as may be amended and supplemented, such that low-income ownership units shall be reserved for households with a gross household income less than or equal to 50% of median income and moderate-income ownership units shall be reserved for households with a gross household income less than 80% of median income.
- B. Notwithstanding the foregoing, however, the administrative agent may, upon approval by the Township Council, and subject to the court's approval, permit moderate-income purchasers to buy low-income units in housing markets if the administrative agent determines that there is an insufficient number of eligible low-income purchasers to permit prompt occupancy of the units. All such low-income units to be sold to moderate-income households shall retain the required pricing and pricing restrictions for low-income units.
- C. A certified household that purchases a restricted ownership unit must occupy it as the certified household's principal residence and shall not lease the unit; provided, however, that the administrative agent may permit the owner of a restricted ownership unit, upon application and a showing of hardship, to lease the restricted unit to another certified household for a period not to exceed one year.
- D. The Administrative Agent shall certify a household as eligible for a restricted ownership unit when the household is a low-income household or a moderate-income household, as applicable to the unit, and the estimated monthly housing cost for the particular unit (including principal, interest, taxes, homeowner and private mortgage insurance and condominium or homeowner association fees, as applicable) does not exceed 33% of the household's certified monthly income.

§ 102-195.12. Limitations on indebtedness secured by ownership unit; subordination.

- A. Prior to incurring any indebtedness to be secured by a restricted ownership unit, the administrative agent shall determine in writing that the proposed indebtedness complies with the provisions of this section.
- B. With the exception of original purchase money mortgages, during a control period neither an owner nor a lender shall at any time cause or permit the total indebtedness secured by a restricted ownership unit to exceed 95% of the maximum allowable resale price of that unit, as such price is determined by the administrative agent in accordance with N.J.A.C. 5:80-26.6(b).

§ 102-195.13. Control periods for restricted rental units.

- A. Control periods for restricted rental units shall be in accordance with N.J.A.C. 5:80-26.11, as may be amended and supplemented, and each restricted rental unit shall remain subject to the requirements of this article until the Township of Boonton elects to release the unit from such requirements pursuant to action taken in compliance with N.J.A.C. 5:80-26.1, as may be amended and supplemented, and prior to such an election, a restricted rental unit must remain subject to the requirements of N.J.A.C. 5:80-26.1, as may be amended and supplemented, for at least 30 years.

- B. Deeds of all real property that include restricted rental units shall contain deed restriction language. The deed restriction shall have priority over all mortgages on the property, and the deed restriction shall be filed by the developer or seller with the records office of the County of Morris. The deed shall also identify each affordable unit by apartment number and/or address and whether that unit is designated as a very-low-, low- or moderate-income unit. Neither the unit nor its affordability designation shall change throughout the term of the deed restriction. A copy of the filed document shall be provided to the administrative agent within 30 days of the receipt of a certificate of occupancy.
- C. A restricted rental unit shall remain subject to the affordability controls of this article, despite the occurrence of any of the following events:
- (1) Sublease or assignment of the lease of the unit;
 - (2) Sale or other voluntary transfer of the ownership of the unit; or
 - (3) The entry and enforcement of any judgment of foreclosure on the property containing the unit.

§ 102-195.14. Capital improvements to ownership units.

- A. The owners of restricted ownership units may apply to the Administrative Agent to increase the maximum sales price for the unit on the basis of capital improvements made since the purchase of the unit. Eligible capital improvements shall be those that render the unit suitable for a larger household or that add an additional bathroom. In no event shall the maximum sales price of an improved housing unit exceed the limits of affordability for the larger household.
- B. Upon the resale of a restricted ownership unit, all items of property that are permanently affixed to the unit or were included when the unit was initially restricted (for example, refrigerator, range, washer, dryer, dishwasher, wall-to-wall carpeting) shall be included in the maximum allowable resale price. Other items may be sold to the purchaser at a reasonable price that has been approved by the Administrative Agent at the time of the signing of the agreement to purchase. The purchase of central air conditioning installed subsequent to the initial sale of the unit and not included in the base price may be made a condition of the unit resale, provided that the price, which shall be subject to ten-year, straight-line depreciation, has been approved by the administrative agent. Unless otherwise approved by the administrative agent, the purchase of any property other than central air conditioning shall not be made a condition of the unit resale. The owner and the purchaser must personally certify at the time of closing that no unapproved transfer of funds for the purpose of selling and receiving property has taken place at the time of or as a condition of resale.

§ 102-195.15. Rent restrictions for rental units; leases.

- A. A written lease shall be required for all restricted rental units, except for units in an assisted living residence, and tenants shall be responsible for security deposits and the full amount of the rent as stated on the lease. A copy of the current lease for each restricted rental unit shall be provided to the administrative agent.

- B. No additional fees or charges shall be added to the approved rent (except, in the case of units in an assisted living residence, to cover the customary charges for food and services) without the express written approval of the administrative agent.
- C. Application fees (including the charge for any credit check) shall not exceed 5% of the monthly rent of the applicable restricted unit and shall be payable to the administrative agent to be applied to the costs of administering the controls applicable to the unit as set forth in this article.
- D. No rent control ordinance or other pricing restriction shall be applicable to either the market units or the affordable units in any development in which at least 15% of the total number of dwelling units are restricted rental units in compliance with this article.

§ 102-195.16. Tenant income eligibility.

- A. Tenant income eligibility shall be in accordance with N.J.A.C. 5:80-26.13, as may be amended and supplemented, and shall be determined as follows:
 - (1) Very-low-income rental units shall be reserved for households with a gross household income less than or equal to 30% of median income.
 - (2) Low-income rental units shall be reserved for households with a gross household income less than or equal to 50% of median income.
 - (3) Moderate-income rental units shall be reserved for households with a gross household income less than 80% of median income.
- B. The administrative agent shall certify a household as eligible for a restricted rental unit when the household is a very-low-income, low-income household or a moderate-income household, as applicable to the unit, and the rent proposed for the unit does not exceed 35% (40% for age-restricted units) of the household's eligible monthly income as determined pursuant to N.J.A.C. 5:80-26.16, as may be amended and supplemented; provided, however, that this limit may be exceeded if one or more of the following circumstances exists:
 - (1) The household currently pays more than 35% (40% for households eligible for age-restricted units) of its gross household income for rent, and the proposed rent will reduce its housing costs;
 - (2) The household has consistently paid more than 35% (40% for households eligible for age-restricted units) of eligible monthly income for rent in the past and has proven its ability to pay;
 - (3) The household is currently in substandard or overcrowded living conditions;
 - (4) The household documents the existence of assets with which the household proposes to supplement the rent payments; or
 - (5) The household documents proposed third-party assistance from an outside source, such as a family member, in a form acceptable to the administrative agent and the owner of the unit.

- C. The applicant shall file documentation sufficient to establish the existence of the circumstances in Subsection B(1) through (5) above with the administrative agent, who shall counsel the household on budgeting.

§ 102-195.17. Administration.

- A. The position of Municipal Housing Liaison (MHL) for the Township of Boonton is established by this article. The Township Committee shall make the actual appointment of the MHL by means of a resolution.
- (1) The MHL must be either a full-time or part-time employee of the Township of Boonton.
 - (2) The MHL shall be duly qualified through a training program sponsored by Affordable Housing Professional of New Jersey before assuming the duties of Municipal Housing Liaison.
 - (3) The Municipal Housing Liaison shall be responsible for oversight and administration of the affordable housing program for the Township of Boonton, including the following responsibilities which may not be contracted out to the administrative agent:
 - (a) Serving as the Township of Boonton's primary point of contact for all inquiries from the state, affordable housing providers, administrative agents and interested households;
 - (b) Monitoring the status of all restricted units in the Township of Boonton's Fair Share Plan;
 - (c) Compiling, verifying and submitting annual reports as required by COAH;
 - (d) Coordinating meetings with affordable housing providers and administrative agents, as applicable; and
 - (e) Attending continuing education opportunities on affordability controls, compliance monitoring and affirmative marketing;
 - (f) If applicable, serving as the administrative agent for some or all of the restricted units in the Township of Boonton as described in Subsection B below.
- B. The Township of Boonton may designate by resolution of the Township Committee, one or more administrative agents to administer newly constructed affordable units in accordance with UHAC.
- C. An operating manual shall be provided by the administrative agent(s) to be adopted by resolution of the governing body. The operating manuals shall be available for public inspection in the Office of the Municipal Clerk and in the office(s) of the administrative agent(s).
- D. If the Township of Boonton contracts with another entity to administer all or any part of the affordable housing program, including the affordability controls and affirmative marketing plan, the Municipal Housing Liaison shall supervise the contracting administrative agency. (NOTE: If it is decided that an employee of the municipality will act as administrative agent

or if the Housing Affordability Service (HAS) of the Agency is selected, the determination of such can be included in this article.)

E. Duties and responsibilities of administrative agent.

- (1) The administrative agent shall perform the duties and responsibilities of an administrative agent as are set forth in UHAC and which are described in full detail in the operating manual, including those set forth in N.J.A.C. 5:80-26.14, 5:80-26.16 and 5:80-26.18 thereof, which includes:
 - (a) Attending continuing education opportunities on affordability controls, compliance monitoring, and affirmative marketing as offered or approved by COAH;
 - (b) Affirmative marketing;
 - (c) Household certification;
 - (d) Affordability controls;
 - (e) Records retention;
 - (f) Resale and re-rental;
 - (g) Processing requests from unit owners; and
 - (h) Enforcement, though the ultimate responsibility for retaining controls on the units rests with the municipality.
- (2) The administrative agent shall have authority to take all actions necessary and appropriate to carry out its responsibilities, hereunder.

§ 102-195.18. Enforcement of affordable housing regulations.

- A. Upon the occurrence of a breach of any of the regulations governing the affordable unit by an owner, developer or tenant, the municipality shall have all remedies provided at law or equity, including but not limited to foreclosure, tenant eviction, municipal fines, a requirement for household recertification, acceleration of all sums due under a mortgage, recoupment of any funds from a sale in the violation of the regulations, injunctive relief to prevent further violation of the regulations, entry on the premises, and specific performance.
- B. After providing written notice of a violation to an owner, developer or tenant of a low- or moderate-income unit and advising the owner, developer or tenant of the penalties for such violations, the municipality may take the following action against the owner, developer or tenant for any violation that remains uncured for a period of 60 days after service of the written notice:
 - (1) The municipality may file a court action pursuant to N.J.S.A. 2A:58-11 alleging a violation, or violations, of the regulations governing the affordable housing unit. If the owner, developer or tenant is found by the court to have violated any provision of the regulations governing affordable housing units, the owner, developer or tenant shall be subject to one or more of the following penalties, at the discretion of the court:

- (a) A fine of not more than \$2,000 or imprisonment for a period not to exceed 90 days, or both. Each and every day that the violation continues or exists shall be considered a separate and specific violation of these provisions and not a continuation of the initial offense;
 - (b) In the case of an owner who has rented his or her low- or moderate-income unit in violation of the regulations governing affordable housing units, payment into the Township of Boonton Affordable Housing Trust Fund of the gross amount of rent illegally collected;
 - (c) In the case of an owner who has rented his or her low- or moderate-income unit in violation of the regulations governing affordable housing units, payment of an innocent tenant's reasonable relocation costs, as determined by the court.
- (2) The municipality may file a court action in the Superior Court seeking a judgment, which would result in the termination of the owner's equity or other interest in the unit, in the nature of a mortgage foreclosure. Any judgment shall be enforceable as if the same were a judgment of default of the first purchase money mortgage and shall constitute a lien against the low- and moderate-income unit.
- C. Such judgment shall be enforceable, at the option of the municipality, by means of an execution sale by the Sheriff, at which time the low- and moderate-income unit of the violating owner shall be sold at a sale price which is not less than the amount necessary to fully satisfy and pay off any first purchase money mortgage and prior liens and the costs of the enforcement proceedings incurred by the municipality, including attorney's fees. The violating owner shall have the right to possession terminated as well as the title conveyed pursuant to the Sheriff's sale.
- D. The proceeds of the Sheriff's sale shall first be applied to satisfy the first purchase money mortgage lien and any prior liens upon the low- and moderate-income unit. The excess, if any, shall be applied to reimburse the municipality for any and all costs and expenses incurred in connection with either the court action resulting in the judgment of violation or the Sheriff's sale. In the event that the proceeds from the Sheriff's sale are insufficient to reimburse the municipality in full as aforesaid, the violating owner shall be personally responsible for and to the extent of such deficiency, in addition to any and all costs incurred by the municipality in connection with collecting such deficiency. In the event that a surplus remains after satisfying all of the above, such surplus, if any, shall be placed in escrow by the municipality for the owner and shall be held in such escrow for a maximum period of two years or until such earlier time as the owner shall make a claim with the municipality for such. Failure of the owner to claim such balance within the two-year period shall automatically result in a forfeiture of such balance to the municipality. Any interest accrued or earned on such balance while being held in escrow shall belong to and shall be paid to the municipality, whether such balance shall be paid to the owner or forfeited to the municipality.
- E. Foreclosure by the municipality due to violation of the regulations governing affordable housing units shall not extinguish the restrictions of the regulations governing affordable housing units as the same apply to the low- and moderate-income unit. Title shall be conveyed to the purchaser at the Sheriff's sale, subject to the restrictions and provisions of the regulations governing the affordable housing unit. The owner determined to be in

violation of the provisions of this plan and from whom title and possession were taken by means of the Sheriff's sale shall not be entitled to any right of redemption.

- F. If there are no bidders at the Sheriff's sale, or if insufficient amounts are bid to satisfy the first purchase money mortgage and any prior liens, the municipality may acquire title to the low- and moderate-income unit by satisfying the first purchase money mortgage and any prior liens and crediting the violating owner with an amount equal to the difference between the first purchase money mortgage and any prior liens and costs of the enforcement proceedings, including legal fees and the maximum resale price for which the low- and moderate-income unit could have been sold under the terms of the regulations governing affordable housing units. This excess shall be treated in the same manner as the excess which would have been realized from an actual sale as previously described.
- G. Failure of the low- and moderate-income unit to be either sold at the Sheriff's sale or acquired by the municipality shall obligate the owner to accept an offer to purchase from any qualified purchaser which may be referred to the owner by the municipality, with such offer to purchase being equal to the maximum resale price of the low- and moderate-income unit as permitted by the regulations governing affordable housing units.
- H. The owner shall remain fully obligated, responsible and liable for complying with the terms and restrictions of governing affordable housing units until such time as title is conveyed from the owner.

§ 102-195.19. Appeals.

Appeals from all decisions of an administrative agent designated pursuant to this article shall be filed in writing with the Court.

§ 102-195.20. Reporting and monitoring requirements.

- A. On the first anniversary of the entry of the order granting the Township a final judgment of compliance and repose, and every anniversary thereafter, through the end of the repose period, the Township shall provide annual reporting of its Affordable Housing Trust Fund activity to the New Jersey Department of Community Affairs, Council on Affordable Housing or Local Government Services, or such other entity designated by the State of New Jersey, with copies provided to the Fair Share Housing Center and posted on the municipal website, using forms developed for this purpose by the New Jersey Department of Community Affairs, Council on Affordable Housing or Local Government Services. The reporting shall include an accounting of all Affordable Housing Trust Fund activity, including the source and amount of funds collected and the amount and purpose for which any funds have been expended.
- B. On the first anniversary of the execution of the settlement agreement (November 13, 2018), and every anniversary thereafter, through the end of the repose period, the Township shall provide annual reporting of the status of all affordable housing activity within the Township through posting on the Township website with copies provided to the Fair Share Housing Center using forms previously developed for this purpose by the Council on Affordable Housing or any other forms endorsed by the court-appointed special master and the Fair Share Housing Center.

- C. For the midpoint realistic opportunity review due on July 1, 2020, as required pursuant to N.J.S.A. 52:27D-313, the Township shall post on its Township website, with copies provided to the Fair Share Housing Center, a status report as to its implementation of its plan and an analysis of whether any unbuilt sites or unfulfilled mechanisms continue to present a realistic opportunity and whether any mechanisms to meet unmet need should be revised or supplemented. Such posting shall invite any interested party to submit comments to the Township, with copies provided to the Fair Share Housing Center regarding whether any sites no longer present a realistic opportunity and should be replaced and whether any mechanisms to meet unmet need should be revised or supplemented. Any interested party may, by motion, request a hearing before the court regarding these issues.
- D. For the review of very-low-income housing requirements required by N.J.S.A. 52:27D-329.1, within 30 days of the third anniversary of the execution of the settlement agreement (November 13, 2020), and every third year thereafter, the Township shall post on its Township website, with copies provided to the Fair Share Housing Center, a status report as to its satisfaction of its very-low-income requirements, including the family very-low-income requirements referenced herein. Such posting shall invite any interested party to submit comments to the Township with copies provided to the Fair Share Housing Center, on the issue of whether the municipality has complied with its very-low-income housing obligation.

§ 102-16.1. Collection of development fees. [Added 2-10-2014 by Ord. No. 827]

A. Purpose.

- (1) In *Holmdel Builder's Association v. Holmdel Township*, 121 N.J. 550 (1990), the New Jersey Supreme Court determined that mandatory development fees are authorized by the Fair Housing Act of 1985 (the Act), N.J.S.A. 52:27d-301 et seq., and the State Constitution, subject to the Council on Affordable Housing's (COAH's) adoption of rules.
- (2) Pursuant to P.L. 2008, c. 46, Section 8 (N.J.S.A. 52:27D-329.2) and the Statewide Nonresidential Development Fee Act (N.J.S.A. 40:55D-8.1 through 40:55D-8.7), COAH is authorized to adopt and promulgate regulations necessary for the establishment, implementation, review, monitoring and enforcement of municipal affordable housing trust funds and corresponding spending plans. Municipalities that are under the jurisdiction of the Council or court of competent jurisdiction and have a COAH-approved spending plan may retain fees collected from nonresidential development.
- (3) This section establishes standards for the collection, maintenance, and expenditure of nonresidential development fees pursuant to COAH's regulations and in accordance with P.L. 2008, c. 46, Sections 8 and 32-38. Fees collected pursuant to this section shall be used for the sole purpose of providing low- and moderate-income housing. This section shall be interpreted within the framework of COAH's rules on development fees, codified at N.J.A.C. 5:97-8.

B. Basic requirements. [Amended 4-24-2018 by Ord. No. 864¹]

- (1) This section shall not be effective until approved by the court.
- (2) The Township of Boonton shall not spend development fees until the court has approved a plan for spending such fees (spending plan).

C. Definitions. The following terms, as used in this section, shall have the following meanings:

AFFORDABLE HOUSING DEVELOPMENT — A development included in the Housing Element and Fair Share Plan, and includes, but is not limited to, an inclusionary development, a municipal construction project or a 100% affordable development.

COAH or THE COUNCIL — The New Jersey Council on Affordable Housing established under the Fair Housing Act, which has primary jurisdiction for the administration of housing obligations in accordance with sound regional planning consideration in the state.

DEVELOPER — The legal or beneficial owner or owners of a lot or of any land proposed to be included in a proposed development, including the holder of an option or contract to purchase, or other person having an enforceable proprietary interest in such land.

DEVELOPMENT FEE — Money paid by a developer for the improvement of property as permitted by N.J.S.A. 40:55D-8.1 through 40:55D-8.7 and as authorized by *Holmdel Builder's Association v. Holmdel Township*, 121 N.J. 550 (1990) and the Fair Housing Act

1. Editor's Note: This ordinance also amended the section title of § 102-16.1.

of 1985, N.J.S.A. 52:27D-301 et seq., and regulated by applicable COAH Rules and the Fair Housing Act. **[Amended 4-24-2018 by Ord. No. 864]**

EQUALIZED ASSESSED VALUE — The assessed value of a property divided by the current average ratio of assessed to true value for the municipality in which the property is situated, as determined in accordance with Sections 1, 5, and 6 of P.L. 1973, c. 123 (N.J.S.A. 54:1-35a through N.J.S.A. 54:1-35c).

GREEN BUILDING STRATEGIES — Those strategies that minimize the impact of development on the environment, and enhance the health, safety and well-being of residents by producing durable, low-maintenance, resource-efficient housing while making optimum use of existing infrastructure and community services.

D. Residential development fees. [Added 4-24-2018 by Ord. No. 864²]

(1) Imposition of fees.

- (a) Within the Township of Boonton, all residential developers, except for developers of the types of developments specifically exempted in Subsection D(2) below and developers of developments that include affordable housing shall pay a fee of 1.5% of the equalized assessed value for all new residential development, provided that no increased density is permitted. Development fees shall also be imposed and collected when an additional dwelling unit is added to an existing residential structure; in such cases, the fee shall be calculated based on the increase in the equalized assessed value of the property due to the additional dwelling unit.
- (b) When an increase in residential density is permitted pursuant to a "d" variance granted under N.J.S.A. 40:55D-70d(5), developers shall be required to pay a bonus development fee of 6.0% of the equalized assessed value for each additional unit that may be realized, except that this provision shall not be applicable to a development that will include affordable housing. If the zoning on a site has changed during the two-year period preceding the filing of such a variance application, the base density for the purposes of calculating the bonus development fee shall be the highest density permitted by right during the two-year period preceding the filing of the variance application.

(2) Eligible exactions, ineligible exactions and exemptions for residential developments.

- (a) Affordable housing developments and/or developments where the developer is providing for the construction of the requisite number of affordable housing units elsewhere within the municipality, and developments where the developer has made a payment in lieu of on-site construction of the required number of affordable units, if permitted by an ordinance approved by the court as part of a judgment of compliance and repose, shall be exempt from the payment of development fees.
- (b) Developments that have received preliminary or final site plan approval prior to the adoption of this ordinance shall be exempt from the payment of development fees, unless the developer seeks a substantial change in the original approval.

2. Editor's Note: This ordinance also redesignated former Subsections D through I as Subsections E through J, respectively.

Where site plan approval is not applicable, the issuance of a zoning permit and/or construction permit shall be synonymous with preliminary or final site plan approval for the purpose of determining the right to an exemption. In all cases, the applicable fee percentage shall be determined based upon the Development Fee Ordinance in effect on the date that the construction permit is issued.

- (c) Improvements or additions to existing one- and two-family dwellings on individual lots shall not be required to pay a development fee, but a development fee shall be charged for any new dwelling constructed as a replacement for a previously existing dwelling on the same lot that was or will be demolished, unless the owner resided in the previous dwelling for a period of one year or more prior to obtaining a demolition permit. Where a development fee is charged for a replacement dwelling, the development fee shall be calculated on the increase in the equalized assessed value of the new structure as compared to the previous structure.
- (d) Homes replaced as a result of a natural disaster (such as a fire or flood) shall be exempt from the payment of a development fee.

E. Nonresidential development fees.

(1) Imposed fees.

- (a) Within all zoning districts, nonresidential developers, except for developers of the types of development specifically exempted, shall pay a fee equal to 2 1/2% of the equalized assessed value of the land and improvements, for all new nonresidential construction on an unimproved lot or lots.
- (b) Within all zoning districts, nonresidential developers, except for developers of the types of development specifically exempted, shall also pay a fee equal to 2.5% of the increase in equalized assessed value resulting from any additions to existing structures to be used for nonresidential purposes. **[Amended 4-24-2018 by Ord. No. 864]**
- (c) Development fees shall be imposed and collected when an existing structure is demolished and replaced. The development fee of 2 1/2% shall be calculated on the difference between the equalized assessed value of the preexisting land and improvement and the equalized assessed value of the newly improved structure, i.e., land and improvement, at the time a final certificate of occupancy is issued. If the calculation required under this section results in a negative number, the nonresidential development fee shall be zero.

(2) Eligible exactions, ineligible exactions and exemptions for nonresidential development.

- (a) The nonresidential portion of a mixed-use inclusionary or market-rate development shall be subject to the 2 1/2% development fee, unless otherwise exempted below.
- (b) The 2 1/2% fee shall not apply to an increase in equalized assessed value resulting from alterations, change in use within the existing footprint, reconstruction, renovations and repairs.

AFFORDABLE HOUSING TRUST FUND SPENDING PLAN

**TOWNSHIP OF BOONTON
MORRIS COUNTY, NEW JERSEY**

SPENDING PLAN

INTRODUCTION

Boonton Township, Morris County, has prepared a Housing Element and Fair Share plan that addresses its regional fair share of the present and prospective affordable housing need in accordance with the Municipal Land Use Law (MLUL), the Fair Housing Act (FHA), the regulations of the Council on Affordable Housing (COAH) and recent decisions by the Courts.

A development fee ordinance creating a dedicated revenue source for affordable housing following state guidelines was adopted in March 2018. The ordinance established a fee of 1.5% of equalized assessed value for new residential construction and 2.5% for new commercial construction, replacing a development fee ordinance assessing commercial construction only which was adopted in February 2014. The ordinance established the need for a Township of Boonton Affordable Housing Trust Fund. All development fees, payments in lieu of constructing affordable units on site, funds from the sale of units with extinguished controls, and interest generated by affordable housing fees are deposited in a separate-interest-bearing affordable housing trust fund account for the purposes of affordable housing.

Boonton Township has prepared this Spending Plan (2025) to guide the allocation of funds within the Township of Boonton Affordable Housing Trust Fund. As of December 31, 2024, the Township of Boonton has \$89,032.36 funds in its Affordable Housing Trust Fund. The funds shall be spent in accordance N.J.A.C. 5:97-8.7-8.9 as described in the sections that follow.

REVENUES FOR CERTIFICATION PERIOD

To calculate a projection of revenue anticipated during the period of Fourth Round substantive certification, Boonton Township considered the following:

- (a) Development fees:
 - 1. Nonresidential projects which have had development fees imposed upon them at the time of preliminary or final development approvals;
 - 2. All nonresidential projects currently before the planning and zoning boards for development approvals that may apply for building permits and certificates of occupancy; and
 - 3. Future development that is likely to occur based on historical rates of development.
- (b) Payments in Lieu (PIL): Payments in Lieu of development into the Township's Housing Trust are permitted as pursuant to Section 102.16-1 of Boonton Township Code.
- (c) Other funding sources: The Township reserves the option to pursue various public funding options to support its municipal rehabilitation program.
- (d) Projected interest: Interest on the projected revenue in the municipal affordable housing trust fund at the current average interest rate is 0.5% based on prevailing interest rates for savings accounts.

Overview

All affordable units are required to be affirmatively marketed using the Township of Boonton's Affirmative Marketing Plan. An Affirmative Marketing Plan is a regional marketing strategy designed to attract households of all majority and minority groups, regardless of race, creed, color, national origin, ancestry, marital or familial status, gender, affectional or sexual orientation, disability, age, or number of children to housing units which are being marketed by an Administrative Agent or a developer, sponsor, owner or property manager of affordable housing. The primary objectives of an Affirmative Marketing Plan are to target households who are least likely to apply for affordable housing, and to target households throughout the entire housing region in which the units are located.

The Township of Boonton provides this Affirmative Marketing Plan for any affordable housing within the Township. Individual projects may develop their own affirmative marketing plan in compliance with this plan.

Every Affirmative Marketing Plan must include all of the following:

1. Publication of at least one advertisement in a newspaper of general circulation within the housing region;
2. Broadcast of at least one advertisement by radio or television throughout the housing region; and
3. At least one additional regional marketing strategy such as a neighborhood newspaper, religious publication, organizational newsletter, advertisement(s) with major employer(s), or notification through community and regional organizations such as non-profit, religious, and civic organizations.

For each affordable housing opportunity within the municipality, the Affirmative Marketing Plan must include the following information:

1. The address of the project and development name, if any;
2. The number of rental units;
3. The price ranges of the rental units;
4. The name and contact information of the Municipal Housing Liaison, Administrative Agent, property manager, or landlord;
5. A description of the Random Selection method that will be used to select applicants for affordable housing; and
6. Disclosure of required application fees, if any.

Advertisements must contain the following information for each affordable housing opportunity:

1. Location of the units;
2. Directions to the units;

3. Range of prices for the units;
4. Size, as measured in bedrooms, of units;
5. The maximum income permitted to qualify for the housing units;
6. The locations of applications for the housing units;
7. The business hours when interested households may obtain an application for a housing unit; and
8. Application fees, if any.

A random selection method to select occupants of very low-, low- and moderate-income housing will be used by the Administrative Agent, in conformance with N.J.A.C. 5:80-26.16 (l). The Affirmative Marketing Plan shall provide a regional preference for very low-, low- and moderate-income households that live and/or work in Housing Region 2, comprised of Essex, Morris, Union, and Warren Counties. Pursuant to the New Jersey Fair Housing Act (C.52:27D-311), a preference for very low-, low- and moderate-income veterans duly qualified under N.J.A.C. 54:4-8.10 may also be exercised, provided an agreement to this effect has been executed between the developer or landlord and the municipality prior to the affirmative marketing of the units.

The Administrative Agent shall administer the Affirmative Marketing Plan. The Administrative Agent has the responsibility to income qualify very low-, low- and moderate-income households; to place income-eligible households in very low-, low- and moderate-income units upon initial occupancy; to provide for the initial occupancy of very low, low and moderate income units with income qualified households; to continue to qualify households for re-occupancy of units as they become vacant during the period of affordability controls; to assist with outreach to very low-, low- and moderate-income households; and to enforce the terms of the deed restriction and mortgage loan as per N.J.A.C. 5:80-26-1, et seq.

The Administrative Agent shall provide or direct qualified very low-, low- and moderate-income applicants to counseling services on subjects such as budgeting, credit issues, mortgage qualifications, rental lease requirements and landlord/tenant law and shall develop, maintain and update a list of entities and lenders willing and able to perform such services. In addition, it shall be the responsibility of the Administrative Agent to inform owners of affordable units and prospective occupants of affordable units of the Borough's affordability assistance programs and to assist with the implementation of such programs.

All developers/owners of very low-, low- and moderate-income housing units shall be required to undertake and pay the costs of the marketing of the affordable units in their respective developments, subject to the direction and supervision of the Administrative Agent.

The implementation of the Affirmative Marketing Plan for a development that includes affordable housing shall commence at least 120 days before the issuance of either a temporary or permanent certificate of occupancy. The implementation of the Affirmative Marketing Plan shall continue until all very low-, low- and moderate-income housing units are initially occupied and thereafter upon the re-sale or re-rental of an affordable unit for as long as an affordable unit remains deed restricted.

The Administrative Agent shall provide the Affordable Housing Liaison with the information required to comply with monitoring and reporting requirements pursuant to the Borough's adopted Affordable Housing Ordinance.

An applicant pool will be maintained by the Administrative Agent for re-rentals.

1. When a re-rental affordable unit becomes available Administrative Agent will select applicants from the applicant pool and, if necessary, the unit will be affirmatively marketed as described above. The selection of applicants from the applicant pool is described in more detail in this manual under the section **Random Selection & Applicant Pool(s)**.

Random Selection & Applicant Pool(s)

The following is a description of the random selection method that will be used to select occupants for low- and moderate-income housing:

There will be a period in which to complete and submit applications. Households that have completed applications in that timeframe and have been determined that they are income eligible will be randomly selected to establish an order (service list) in which they will be evaluated by the Administrative Agent for the available unit(s). A copy of the first page of the applications will be folded and placed in a container of sufficient size to allow the applications to be randomly mixed. Once mixed, all applications will be drawn one by one from the container until none are left. The first application drawn will be the first position on the service list, and so on.

At least two people will be present during a random selection and both will sign the resulting service list as having participated and/or witnessed the random selection. Once the applicant is placed on the service list, they shall remain in that position until they are served or asked to be withdrawn from the list. Applicants on the service list shall not be a part of any future random selections. If the household on the list is not of an appropriate household size, income or does not live or work in the Housing Region, that applicant will be skipped and the next applicant household with sufficient income will be evaluated for the available unit. This will continue until a properly sized household with sufficient income or purchase or rent the unit is reached.

The applicant household will be required to submit a complete application to establish their eligibility as defined by the Fair Housing Act. If the end of the service list is reached before an appropriately-sized household that lives or works in the New Jersey Housing Region is identified the Administrative Agent will review skipped households in the order of the random selection. Households that live or work in the Housing Region that are smaller than the ideal household size, as defined by the Township's Affordable Housing Ordinance, will be considered next.

Any applicants that are skipped for size, income or regional preference will remain on the list and continue to be considered for future restricted units in the order in which they were selected in the random selection.

Unless applicants ask to be removed from the list or become ineligible for assistance, or are unresponsive to our communications, they will remain on the service list. Therefore, these applicants will not need to be in future random selections. Instead, the service order created by future random selections will be placed at the end of the service list set by all prior random selections.

If there are sufficient names remaining on the service list to fill two years of resales and rentals, the applicant pool may be closed by the Administrative Agent. The Administrative Agent will notify the Township in writing if it intends to close the waiting list. Any households calling or writing to express their interest in an affordable home will be directed to call back on a future date determined by the Administrative Agent. When the applicant pool is being depleted to a point where there is not a sufficient number of people to fill two (2) years of re-sales or rentals, the Administrative Agent will re-open the pool and conduct a new random selection process after fulfilling the affirmative marketing requirements. The service list established by subsequent random selection shall be added to the end of the previous service list.

Initial Randomization

Applicants are selected at random before income-eligibility is determined, regardless of household size or desired number of bedrooms. The process is as follows:

1. After advertising is implemented, applications are accepted for 120 days.
2. At the end of the period, sealed applications are selected one-by-one through a lottery (unless fewer applications are received than the number of available units, then all eligible households will be placed in a unit).
3. Households are informed of the date, time and location of the lottery and invited to attend.

4. An applicant pool is created by listing applicants in the order selected.
5. Applications are reviewed for income-eligibility.
6. Ineligible households are informed that they are being removed from the applicant pool or given the opportunity to correct and/or update income and household information.
7. Eligible households are matched to available units based upon the number of bedrooms needed (and any other special requirements, such as [regional preference or] the need for an accessible unit).
8. If there are sufficient names remaining in the pool to fill future re-rental, the applicant pool shall be closed.
9. When the applicant pool is close to being depleted, the Administrative Agent will re-open the pool and conduct a new random selection process after fulfilling the affirmative marketing requirements. The new applicant pool will be added to the remaining list of applicants.

Randomization After Certification

Random selection is conducted when a unit is available, and only certified households seeking the type and bedroom size of the available unit are placed in the lottery. The process is as follows:

1. After advertising is implemented, applications are accepted for 120 days.
2. All applications are reviewed and households are either certified or informed of non-eligibility. (The certification is valid for 180 days, and may be renewed by updating income-verification information.)
3. Eligible households are placed in applicant pools based upon the number of bedrooms needed (and any other special requirements, such as regional preference or the need for an accessible unit)
4. When a unit is available, only the certified households in need of that type of unit are selected for a lottery.
5. Households are informed of the date, time, and location of the lottery and invited to attend.
6. After the lottery is conducted, the first household selected is given 3 days to express interest or disinterest in the unit. (If the first household is not interested in the unit, this process continues until a certified household selects the unit.)
7. Applications are accepted on an ongoing basis, certified households are added to the pool for the appropriate household income and size categories, and advertising and outreach is ongoing, according to the Affirmative Marketing Plan.

Matching Households to Available Units

1. In referring certified households to specific restricted units, to the extent feasible, and without causing an undue delay in occupying the unit, the Administrative Agent shall strive to implement the following policies:
 - a. Maximum of two person per bedroom;
 - b. Children of same sex in same bedroom;
 - c. Unrelated adults or persons of the opposite sex other than husband and wife in separate bedrooms;
 - d. Children not in same bedroom with parents;
 - e. Provide an occupant for each unit bedroom;
 - f. Provide children of different sex with separate bedrooms;
 - g. Require that all the bedrooms be used as bedrooms; and
 - h. Require that a couple requesting a two-bedroom unit provide a doctor's note justifying such request.

In no case shall a household be referred to an affordable housing unit that provides for more than one additional bedroom per household occupancy as stated in the policies above.

The Administrative Agent cannot require an applicant household to take an affordable unit with a greater number of bedrooms, as long as overcrowding is not a factor.

A household can be eligible for more than one unit category, and should be placed in the applicant pool for all categories for which it is eligible.
